## Episcopal Bishop Addresses Sudents

"There is a reason for every thing," said the Rt. Reverend Frank E. Wilson, Bishop of Eau Claire Episcopal diocese, in his address before the student body Thursday afternoon, October 15.

In his speech he said, "There is neither good luck nor bad luck. If one looks carefully, he can detect the reason for the so-called 'luck'. Nothing happens without a reason.

If a man gives a great address, he spent months in preparation; if one plays a musical instrument beautifully, he spent years in practise; if one writes a great book, he labored to complete it, and if a student makes a success of life, it is because he carefully prepared.

## Many Parents Attended P. T. A.

The first meeting of the Lincoln School Parent Teacher Association was held in the Field House on Tuesday evening, October 20.

The high school band, lead by Mr. Bernard Ziegler, played several selections before the regular program began.

The reports of the delegates to the State Convention given by Mrs. C. P. Gross and Mrs. A. C. Berard were very interesting and helpful.

Every one enjoyed singing the new P. T. A. songs that were lead by Miss Bess Bradford.

After Principal A. A. Ritchay presented the members of the faculty to the father and mothers the very successful meeting closed.

Mrs. C. E. Boles, hospitality chairman, and her committee then served refreshments.

Jack Rogers, a former member of this school, left October 14, to join his brother, Robert Rogers, at the Howe Preparatory school in Howe, Indiana.

THEY MAY BE BIGGER AND HEAVIER BUT

## Championship Clash; Rapids vs. Point

Coming, coming. What's coming? **Why** the homecoming! Who's going? **We're** all going. Where? At the Lincoln High School. When? Saturday, November 7.

Z-Z-Z-Z-Z-Z-Z-Z Wake up! sleepyhead. The traditional homecoming is to start at 10:00 A. M. and here it is 9:30 A. M. Oh, yes, yes! The parade, I wouldn't miss that for the world. Quick my hat and coat! Away he runs to witness the first event of the day.

He rushes to the athletic field to cheer and welcome the noble opponents. At 2:30, the kickoff, the game is started.

To finish this great and memorable day, we gather in the gymnasium for the first all-school mixer, where everyone will have a good time. And who is this mysterious person? None other than any loyal high school student.

## H. S. Debate Teams Begin Practice

Resolved: That the several states should adopt compulsory unemployment insurance. This is the timely question which the Wisconsin Forensic Association has chosen for the current debate season. Timely because there is no question of public policy that will receive as much attention **this** winter.

The distress of the unemployed which is sure to become more acute as winter draws near is a challenge to all, young and old alike. The old because as yet they have failed to meet and solve this perplexing problem. The young because here is an opportunity for new ideas and fresh enthusiasm. In the nation's legislative halls from Congress down this question will be thrashed out. The public ear will be tuned for it and herein lies the opportunity for the high school debater. In debates before public audiences he can clarify issues

## WE ASK YOUR AID

The school paper should be of interest to the entire school body. Every time it is published the editors find themselves in a quandry wondering where to get enough material to interest everyone. If the paper is to express the opinion of the students, we need their help. Perhaps someone has a suggestion to make of how to improve our paper; perhaps someone has heard a bit of gossip that would give us a laugh. Maybe somebody has written a poem or an article on a subject of general interest. Give your ideas to us. Boxes for these contributions will be placed in Miss Ritchie's and Miss Benson's rooms.

## NEVER-CARE HIGH SCHOOL

I, a student in Never-Care High School, am one of the most active members. This year we have a beautiful new school. My parents and all of their friends have told me dozens of times how fortunate we are to have this building. That doesn't bother me in the least. The other day another kid and I took our pencils and a knife and decorated one of the chairs in great style. It didn't make any difference as long as we didn't get caught.

It isn't the attitude to be taken in Lincoln High. It is the student body who really understand how fortunate we are. We have tried to show our appreciation by taking the best care of the building and the grounds. The people of the city will feel that they are being paid for their efforts when they observe this appreciation.

## WHY NOT?

Mixers of course are all school dances, in which everyone takes part, whether he can dance or not. Everyone will get acquainted. Those who cannot dance should come, for here they will be taught by others who can.

Why not have a mixer at least once every month; special ones on Halloween, Christmas, Valentine's day and one final all school get-together party at the end of the year? The music could be played by a student organization. I am sure Mr. Zeigler would be glad to help us in this matter.

## Inquiring Reporter

"What do you think of having mixers for the student body?"

"It's O. K. with me."

Philip DeGuere (Freshmen)

"A fine idea."

Nancy Nash (Sophomore)

Bill Heilman (Junior)

"I think it would be very good way to make the school parties more democratic, for then every one would have a good time."

Charlotte Gross (Senior)

We are always interested in knowing where our students are after they leave Lincoln High School.

A gentleman from the Middle West tells us about a tin roof of a Kansas store that was torn off and rolled into a compact bundle by a cyclone. Having a sense of humor, the owner wrapped a few strands of bailing wire about the roof and shipped it to Henry Ford.

Skinny: "Dick Wiltrout's car."

## Freshmen Enjoy Annual Party

The freshman party was held October 9, in the Field House.

Various games offered entertainment for the first part of the evening. Later, dancing was enjoyed by the girls, while a group of bashful boys stood in the balcony wistfully looking down upon the dancers. The music was furnished by the "Harmony Kings" a group of upper classmen.

The Misses Flanagan, Jewel, Bill, Weideman and Mr. Samuelson chaperoned the party.

After light refreshments had been served the orchestra accomodatingly played Home Sweet Home which concluded the party. Comments that the time for the party had been altogether too short were proof that it was a success. A few freshman boys bravely escorted friends home.

## H. S. Debate Teams Begin Practice

(Continued from page 1.) and bring people to see things his way—an ability which he will greatly value in later life.

Indications are that public interest will be greater and consequently attendance larger than in other years, which will make for good debating.

In some respects the prospects of the Lincoln High debaters are not so rosy. Howard Thomas is the only veteran around whom to build the team. However it is hoped that the final teams thru honest effort will be able to display a good brand of debating. Aggressiveness and alertness are to be counted upon to furnish the punch for offsetting a possible lack of smoothness and polish. An extra practice debate or two may be scheduled to furnish needed experience.

The squad so far is made up pretty largely of freshmen and seniors and the addition of a few likely sophomores and juniors would be a boon to the debate team. It is by no mean too late to to try out and if you wish to do so you should report to Mr. Smith, room 310. In speaking of this problem, Will Rogers, the court jester, has said "We are the first nation in modern times in a storehouse of plenty." Lets give our cooperation and support to the team.

Ronald Malzahn, the senior president, is a good student. He plays "end" on the foot ball team. Ronald is our only Eagle Scout.

Allan Eron was elected president of the junior class. Allan is an all-around good student who has taken great interest in Lincoln High School activities.

John Schnabel, who last year was a student at Columbia Academy, Dubuque, Iowa, has returned to Lincoln High. That John has many friends is evident for he was elected president of the sophomore class. John is a member of the foot ball team.

David Trier, the president of the freshman class, was graduated with honors from St. Peter and Paul Parochial School, and now in high school David is keeping up the good work.

### "Safe Crackers"

Trough the dim gleam I could barely distinguish the outlines of two shadowy forms. I stood perfectly still, fearing that I would be detected. I heard someone whisper, "Turn it to the right." Another stealthy voice answered, "No, try turning it to the left to twenty-six; then to the right, to ten."

I was startled. Could it be that someone was robbing a safe? Suddenly a light was flashed, and I found myself standing in the lower left corridor at our Lincoln High School. I saw that my two safe-crackers were merely juniors trying to work the Dudley locker combination.

### EXCHANGE

Judging from the trouncing Antigo gave Merrill it is up to either Olivell's Antigo boys or the Huber-coached Rapids bunch to upset Point which seems to have gotten a head start toward the conference title.

## Rapids Wins Victory Over Nekoosa 6 to 0

Wisconsin Rapids defeated Nekoosa 6 to 0 in their important Wisconsin Valley Conference football game at Nekoosa the twenty-fifth of October.

The Rapids gridders' touchdown came midway in the first quarter when Lampe, the swift and side-stepping artist, ran twenty-four yards around end, up to the seven yard mark. Lampe again made a heroic end run over the goal line. Ticknor's pass for extra point was incomplete.

Nekoosa planned comeback but was unsuccessful, in penetrating the Rapids twenty five yard line throught the entire game.

## Rapids Credited With Three Winning Games

The scalps already hanging from the mighty Rapids belt are Tomahawk, Antigo, and Marshfield. Tomahawk was held under the red and white spell by a score of 26-7.

The second ill fated team was Antigo who was rubbed with a defeat of 14-7.

The Rapids gridders eked out a score of 6-0 over Marshfield which was our third consecutive win.

## Rapids Swamps Merrill 26-0

Three completed passes by the Rapids gridders spelled victory and three touchdowns.

The first six points were made by Reinhart who snared a pass from Ticknor. Ticknor's place kick was succesful in giving us a 7-0 score. The second scoring was done by Ticknor while running around the left end. The score was then 13-0.

The third time the Rapids crossed the goal, Bury successfully clutched a pass from Reinhart. This time Reinhart's drop

kick was successful, making the score 20-0.

The last time the score was piled up, Sampson, after receiving a pass from Ticknor, wiggled and squirmed over the goal. Reinhart's kick was unsuccessful leaving the score 26-0.

### G. A. A. Basket Social

The Girls' Athletic Association held a basket social in the new cafeteria October 29 in honor of the new members. Each old member drew a new member's name and then shared her lunch with that new member. After lunch a delightful hour was spent dancing on the stage in the field honse. Everyone was sorry to have to leave at 8'clock.

## Girl's Athletic Ass'n Holds Tennis Tourney

Fifty-six girls turned out for the Tennis tournament held October 19, 20, 21. This number exceeds that of previous years. Marion Ladwig after a hard fought battle with Lenore Knoll took honors for first, leaving second to Lenore. Third place was cinched by Vivian Lafler who defeated Margaret Sonnenberg who received fourth.

### G. A. A. Active

Thirty new members were initiated into the Girl's Athletic Association this year. A large number tried out and we were sorry we could not take more of them in, but we hope they will try out again sometime in the near future when we doubtless will have more vacancies.

### Stars

The stars are like worlds,  
Hanging in the sky;  
But they look so very small,  
Because they are up so high.  
If we could get near enough,  
We might be able to see;  
Little Boys and Girls,  
Quite like you and me.

By Vernice Kabitsky

### Five Students Honored

Our "A" list has decreased considerably. During the first six weeks, only five students won this honor. They are: Kate Deigman, Gladys Lashua, Louise Lychywek, Donald Schroeder, and Delores Skarweki.

### High Banking Percentage

The banking percentage for Junior High Section is 62 ptc. when it ought to be one hundred! Or, if this is not possible, at least in the nineties! Something is wrong: Maybe it is that the right methods are not being employed. There are certain ways in which you may become a saving person. These ways have been found to be very successful when applied by other students throughout the country, and will certainly be worth a trial by you! The three are as follows:

1. Bank every Tuesday
2. Do not allow yourself to fall behind even for one week
3. Inspect your account at the end of the month and see how much it has grown.

### Colonial Room Project

A Colonial Room project is being planned by the Eighth One class under Miss Bergman. A fire place, spinning wheel and all furniture belonging to colonial days will be exhibited.

Several pupils find it difficult to get to school on time. Let us make an effort to eliminate all tardiness.

The music classes have been presenting plays. Five boys, in the seventh grade presented The Courtship of Miles Standish to an appreciative audience composed of their classmates.

Let us try to pass to gym classes a little more quietly. We do not need to disturb high school classes when passing through the halls.

### Honor Roll

The enrolment for the Seventh and eight grades is 1788 pupils.

The pupils on the honor roll for the first six weeks are;

Ewnice Bodner.  
Elizabeth Easter.  
Charlotte Enerson.  
Bob Rumsey.  
Bill Taylor.

On Friday Oct. 16 under the supervision of Miss Bradford, the eighth grade organized a Glee Club. The voices were tested, parts were assigned, and the following officers elected:

President — Jean Roberts.  
Vice President — Faith Bachtelle.  
Secretary — Betty Hodge.  
Treasurer — Harriet Sturmer.

## Concert given in Field House

The students of Lincoln High School as well as parents and teachers enjoyed a concert such as has never before been given in Wisconsin Rapids. Bohumir Kryl and his band were the entertainers. A large audience enjoyed the program, which lasted two hours.

Among the selections played were: A harp solo by Wanda Menning, a cornet solo by Bohumir Kryl, two soprano solos by Matilde Bastule and a solo dance, tango and apache, which was especially enjoyed, by La Toava and Beuvell. Among the numerous selections played by the band one of the best liked, was a medley of "Shepherd's Life in the Alps" by Kling. As a pleasant surprise the band played and the trombone player sang, "I found a Million Dollar Baby".

In a intresting military number every member contributed a special part.

## Teachers' Convention

The State Teacher's Convention is being held the fifth, sixth and seventh of November at Milwaukee. The following teachers from Lincoln High School are attending; Superintendent Julius Winden, Principal Aaron Ritchay, Mr. Joseph Singer, Miss Olga Bergman and Miss Ella La Perriere. Miss La Perriere is the representative from local unite number one.
