Wisconsin Rapids Wins Four First Places In Music Contest

Wisconsin Rapids won four first places in the Musical Contest held at Stevens Point Friday, April 23. The girls glee club, Brahms quartet, Violin played by Philleo Nash, and the orchestra all took first places.

Several people furnished cars to take the contestants to the Point, while the Biron buss took those who had no other way of getting there. Miss Bradford and Mrs. Wegg are well pleased with the outcome.

The winners of this contest will go to Madison to try for state championship.

Committees Picked for Times Party

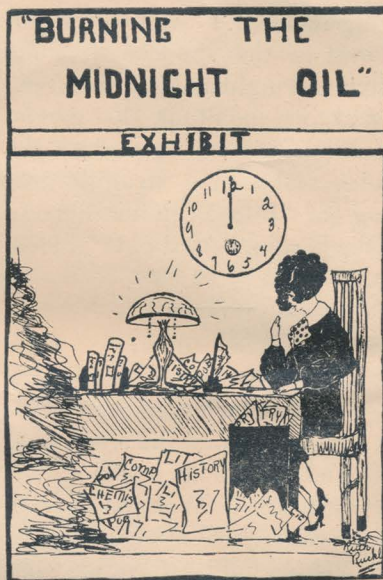

Committees for the annual Lincoln Times Party to be held Friday, May 14, in the Music room have been picked and are now planning one of the best parties of the year. Francis Brockman has been made general chairman. Other chairmen are Harold Beardsley, music and specialties, Ruth Bossert, refreshments; Sue Nash, programs; Francis Mathis, decorations; and Jean McKercher, invitations.

Although the Stevens Point track meet is the next day it is probable that Coach Ritchay will allow the fellows to go to the party for a while if they do not dance.

Coach Ritchay Has Addition To Family

Mr. and Mrs. Aaron Ritchay are the proud parents of a daughter April 27. Mr. Ritchay has been the athletic director of the Lincoln High school for some time and is hailed as the best basketball coach in valley. Mrs. Ritchay was formerly Miss Ethel O'Brien, commercial teacher and girls' athletic director of the Lincoln High school.

Great things are expected of the students of the

Lincoln Times Awarded Second Class Rating by C. I. P. A.

The Lincoln Times, Wisconsin Rapids, received second class rating among Wisconsin high school publications as judged in the sixth annual contest held by the Central Interscholastic Press Association.

The Cub, Neenah, and The Mirror, Stevens Point, also received second class rating. The Championette, Prairie du Chien, received All-American rating among schools less than 100 students and The Blue J, Janesville rated as first class.

The staff has been working hard all year and the quality of this work has raised the paper among the highest in its class in Wisconsin high schools.

Although the judging was not done until this spring, the convention was held last fall at Madison at which time Miss Mead, Ed Hougren, Frances Brockman and Philleo Nash attended.

President of the University, Glenn Frank and many other notables in the journalistic world spoke at the time.

Contract Work Successful In Many Classes

Contract work which has been started in the Lincoln High school has proven successful this year in many classes.

History rooms have been decorated the past few months with many historical pictures, maps, and topics.

Journalism Class Will Publish Booklet of Advice for Freshman

Freshmen of next year will enter school with an advantage over previous 'Frosh.' The Journalism class is going to publish a pamphlet, to aid pupils entering High School and to instruct others who are interested in the school.

An appropriate name has not yet been suggested but members of the class are considering several suggestions.

The pamphlet which is the work members of the Journalism class alone will be on display, and will be given out at the exhibit.

Rules and regulation of the school, explanation of the courses of study, organization, school grounds, school spirit and a summary of school events will be included in the book as well as suggestions as to how to act the first day of school, how to study and so forth.

Ripon College Picks Ideal Coed and Fellow.

Recent statistics taken at Ripon college have brought to light the students idea of an ideal co-ed and ideal college man. Of course, the ideas differ somewhat, but, all in all, a popular ideal could be picked.

The girl must be a brunette, rather small, and of a good nature. She must be a good dancer, but not necessarily a wonderful dancer. The boys barred the athletic type of a girl because they believed a fellow should have those characteristics. The girl should not necessarily be beautiful, but must be attractive and cute.

For the ideal fellow, black wavy hair was mentioned, but wasn't a real necessity. The most important qualification seemed to be that a fellow should be of the athletic type strong and healthy.

They believed he should have a good line and a clever personality. He should also take an active part in college activities and have a very good sense of humor.

We wonder if the students of

Senior Class Plays to Capacity House Curtain Tonight at 8

The Senior Class Play A Pair of Sixes, was successfully presented at the Palace Theatre last night to a capacity house. It was said by many to be one of the cleverest and most entertaining productions of the year. It will be presented again tonight.

Each member of the cast gave an excellent performance which was worthy of the professional stage. Many humorous incidents and the tense dramatic moments were equally well enacted making the entertainment well balanced and praiseworthy. It is expected that a record crowd will attend the last performance tonight.

The cast follows:

T. Boggs Johns—H. Beardsley Krome—D. McKercher
Miss Sally Parker—J. Cichy
Thomas J. Vanderholt—J. Plenke
Tony Toler—N. Eberhardt
Mr. Applegate—G. Warren
Office Boy Jimmy—V. Kubisiak
The Shipping Clerk—G. Timm
Mrs. Geo. B. Nettleton—R. Bossert
Miss Florence Cole—C. Bodette
Coddles, an Eng. maid—V. Holmes

Chemistry Classes Visit Filter Plant

Members of Mr. Ritchay's chemistry classes visited the filter plant last week. While going through the plant Mr. Ritchay explained the importance of each process in filtering water.

It was interesting to note the different steps and the traveling the water had to do before it was pumped to the city mains ready for use.

High School Scribes Will Visit Tribune

Journalism class of Lincoln High school is making plans to visit the Tribune building and learn how the paper is made. They will watch the presses in operation, learn how Associated Press news is obtained, and how material from a syndicate is received and prepared for use.

It is planned to arrive there at

A MODEL ORGANIZATION

An organization, by its very nature, depends on what type of individuals it consists of. A model organization would contain a group of model students. But how can we define a model student?

When speaking of a person in connection with his club, a few noticeable qualifications would be; that he spend little or no time talking about himself and praising his club, (he leaves that to the outsider); that he be willing to admit and ready to give due credit to the good work of other active organizations; that he does not speak of his club and club activities as better than others, even though he may so believe, he leaves that to the others also.

Is your club a model organization. If not, it is because you are not a model student.

RECOGNITION FOR GIRLS ATHLETICS

We have been informed that the 4A-s athletics club of Lincoln High school will receive letters at the end of the school term in recognition of their ability in athletics. We highly approve of this plan because it gives the girls a chance to represent the school and it is indeed an honor to wear a school letter.

But no other girls except the 4 A's have a chance to earn a letter. As we understand, only juniors may belong to the 4 A's. Girls of the other classes have no chance even if they do work hard. For instance, the other teams in school as the Girl's A. C. composed mostly of sophomore girls. We believe these girls should be given a chance by making letter-earning possible for all high school girls.

"I could never believe that Providence had sent a few men into the world ready booted and spurred to ride, and mulbrains saddled and bridled to be ridden."—Rumbold.

"When Duty whispers low, 'Thou must'
The youth replies, 'I can.'"—Voltaire.

Some Sense and Nonsense That's Non-censored

(Gossip in Disguise)

By Its Elf

Did you ever know "Bill" Nash was ticklish? We didn't until just lately when we heard about the following incident. "Bobbie" Brauer was in the show with some friends one night and was rather excited at one point of the movie. The villain was trying to kiss the heroine and a mad struggle was going on. Bobbie, in her hope to aid the heroine, cried out "Tickle him."

Talking about dreams, Alice Hougén surely had a dandy the other night. She claims she dreamt that she ran around the track that night and the next morning she was a little stiff. Well, that dream didn't make such a big change, she's just beginning to realize what other people knew.

Our track team this year has suits just as attractive as the basketball team. "Bill" Nash and "Ed" Hougén think so. They think their running is more impressive since they have used their new suits. Previous to their arrival Bill Nash could be seen with old long pants and an old sweater over his old track suit. But now—no matter how cold, he won't cover that suit of his up.

Miss Roberts and Miss Rossman made a very careful inspection of the Model House last Sunday. Why?

Do You Remember Way Back When?

We won the State Basketball Championship in 1918 when it was held at Appleton?

We had a Junior Prom?

Marshfield beat us in football?

Otto Roenuis played on the championship team in 1897?

Cot Riley was a freshman?

We used to mop up the floor with our skirts?

Annual Exhibit

The school exhibit which is held annually will be held the last week in May. The date as yet is not definite as reported by Mr. Struck.

Some of the students have begun their work already and it is urged that more will before the end of the year.

Poems and Prose

My Version of Spring.

By Billy Baker

Poets write of the beauty of spring
But I have a different song to sing;
Wandering slow to school one day
Something within seemed to say
Why not linger in nature's school,
Oo! that would be against the rule;
But what care I for rules
When nature furnishes such great schools.

My thoughts had won
It was too late; the deed was done;
So the fields I bound
Where no greater magic could be found;
There in the quiet hours
I dreamed in Nature's beautiful bowers:

Time passed quickly by
Night's cool hours were nigh.

I left these beautiful dreams
For life's real scenes;
These dreams were gone forever
No! such dreams fade never;
Can't you see
What ails me?
My poem is such a simple thing
It is of the fever that comes in Spring.

Printers Make-Up Window Cards and Programs

The printers of Lincoln high school are very busy now because they are making many window cards and programs for the grade school operetta's.

They made all the Lettermen's and Howe school window cards, as well as the programs for the Emerson school. They were busy making programs for the Howe school operetta.

Their most important work now, is printing cards for the exhibit.

This takes much time and a great deal of work is done on them.

The Lincoln Times paper is also printed in the shop every two weeks, besides the Vocational News a monthly paper.

This furnishes the printers with material to work upon. It also saves the school the expense of having this work done outside. A small charge is made for the paper and ink and a little extra charge for wear of machinery.

Mr. Dopp—Where do all insects in winter?

Betty N — ((absent mindly) "search me"

Many Ha Ha's

Jane B.—You've broken the promise you made me.

Jack P.—Never mind, my dear. I'll make another.

Wanted—A nick name for Lucille. Reward if presented to Robert Robert.

Doris.—Isn't Football hard work
Freddie—"Oh no, just play after play."

Georgia - Why don't you answer me?

Don M. - I did shake my head.

Georgia - Well I couldn't hear it rattle clear over here.

"Who was Nero, Bill?" asked one of another. Wasn't he the chap who was always cold?"

No said his friend, "that was Zero — another guy altogether."

Jack—"Jane told me I was answer to a maiden's prayer."

Carlos—"Didn't ask for much."

Miss Ritchie—"Have you done any public speaking before?"

Forty R.—Yes, I once asked a girl for a date over our party telephone line."

Miss Fitzgibbons reading the etiquette book — "Now I will tell you how to walk across a ball room floor, but I will skip around a little."

Harvey Gee exclaims to— Miss Bradford and class after finishing singing Soldiers Chorus— I was a little flat.

Miss Bradford—Sounds to me like a whole apartment.

Miss Bradford (in advanced music class, talking of the rhythm in the Soldiers Chorus)

"I could play this so you would all go to sleep."

Harvey Gee, "Let's hear it."

Tommy and his mother were eating dinner in a large hotel. The waiters brought the soup course in and because it was rather hot Tommy's mother was cooling it. But Tommy spoke up saying, "Muvver I've got a mouf I can bwow it."

Uncle—"How old are you, Willie?"

Willie—"I'm thirteen at home, fourteen at school, and eleven in the train."

Bohemian Program Is Best

In the past few weeks the advanced music class has been putting on programs, each one representing a different nationality by the chairman of each committee and Miss Bradford acted as judge, choosing the Bohemian program as best of those given. Those who gave this program were Harold Rhodegier, Mary Norton, Genevieve Otto and Vincent Kubisiak. Members of the faculty and students who aided in the program were invited to the picnic.

A picnic was given by other members of the class to the winners at the ball park, April 21.

Entertainment was provided in base ball games, the boys playing against the girls. A picnic supper was served by the committee at supper time.

The class is at present working at band and orchestra instrument.

Members of the class and Miss Bradford will attend the city band practice May 3, at their regular after supper practice.

Comp. Classes Have Basketball Contest

The Composition I classes under Miss Roberts are having a unique contest in the form of a basketball game. Two points are obtained by getting sentences correct. There are other rules and regulations which are necessary to win the game. Freshman literature classes have just finished reading "The Lady of the Lake" and are ready to begin "Julius Caesar."

French classes under Miss Fitzgibbons are preparing for the exhibit by dressing dolls to represent various characters and making French flags, posters, and booklets.

Other English classes are making booklets, and posters for the exhibit.

Thalian to Purchase Pins.

At a regular meeting of the Thalian club Wednesday, April 14, the members decided that a good way to keep themselves reminded of the organization and to hold interest would be to purchase pins.

A committee of three was chosen at the last meeting. This committee has received books from which they will select several pins to be voted on by the members.

The club has progressed very well for a new organization, and the girls expect to carry on the

Gamma Sigma Resumes Activities

Gamma Sigma held their first meeting since spring vacation at the home of Lois Kellogg Tuesday, April 13 and its activities were resumed with renewed energy. The program for the evening consisted of a cello solo by Barbara Smart and a few selections by the girls quartet. After the program games were played.

Gamma Sigma in their endeavor to show their appreciation for what the music contestants are doing for the school, are going to give a party, in place of the regular meeting April 27.

Gamma Sigma is also sponsoring a grand send-off, next Thursday for the contestants leaving for Stevens Point.

Another important question brought up at the meeting was that of the Gamma Sigma medals which are awarded the two seniors who have done the most for the school in the line of music.

Committees for each affair have been selected to insure the best possible results.

If you don't mean to be steppad on, keep stepping yourself—and lively!

History Class Challenges Debate Club

Mr. Voskuil's American history class has challenged the debate club. As yet no question has been decided upon, but it will be chosen by the history class.

Debaters who will represent the history class are: Mary Norton Francis Brockman, and George Warren. Representatives of the Club are Edward Hougren, Marian Clark, and Philileo Nash. No definite time or place has been decided upon as yet.

SPORTS

Wausau Meet Will be Held May 8

Saturday, May 8, Coach Ritchay will take his track squad to Wausau for the Wisconsin Valley meet held there. Much is expected of the Rapids squad. Hougen, Nash, Ceperess, Timm, Finup, Rodeghier and others of the squad have been doing good work so far. The Rapids won the half mile relay last year setting the Wausau record at 1.41 4-5 seconds.

The records of last year's meet are as follows:

120 yd. hurdles—Vetter, Point, 19 3-5 seconds.

100 yd. dash—Taylor, Wausau, 10 1-5 seconds.

440 yd. dash—Taylor, Wausau, 53 3-5 seconds.

880 yd. run—Moron, Point, 2:13

220 yd. dash—Kiefer, Wausau, 24 4-2 seconds.

One mile run—Pfleiger, Wausau, 5:12 2-5.

220 yd. low hurdles—Pfleiger, Wausau, 29 seconds.

Relay race (880 yd.)—Rapids, 1:41 4-5 seconds.

Javelin—McDonald, Point, 125 feet, 9 3-4 inches.

Shot put—Schneider, Wausau, 36 ft. 9 1-2 inches.

Discus throw—Crooks, Wausau, 92 ft. 10 1-2 inches.

Broad jump—Pfleiger, Wausau, 20 feet.

High jump—Gilbert, Merrill, 5 ft. 2 inches.

Pole vault—Fishleigh, Point, 10 feet, 5 inches.

Baseball Season is Here

By Hester Whitmore

About this season of the year everyone is interested in baseball. It is not unusual to see a vacant lot in the city occupied by a group of boys entertaining themselves with this sport.

A baseball diamond is marked off in any unused part of the city, and the players may be seen lined up waiting for their turn to bat. The other fellows are in the field, and from time to time one can hear them calling to each other in loud voices. It is plain to see that an argument is at hand, but after each one has voiced his opinion on the umpire's decision, play is resumed, and the game ends well.

It is not only a healthful game, but also one that affords much en-

How to Play Golf

By Sue Nash

Since the Bulls Eye golf course has been put in condition, golf has become one of the city's most popular sports. High school students are just beginning to become interested.

Everyone seems to think golf is a gentlemen's game but if you could follow a few of the gentlemen around the course you'd change your mind. To get the best results in golf it is necessary to give rest to your feelings occasionally and every golfer does it.

Golf is good exercise not only physically, but also mentally. It may sound easy to take a club and hit a little white ball a long ways. But try it. Probably the first time you'll miss it. Then you will hit it to the right or left and the next time it will roll down the fairway 25 or 30 yards.

But don't give up trying to hit the ball hard. You will do it eventually. That time will come when you are about 20 yards from the green. You will pick up a club and hit it carefully and not very far and the ball will go way across the green and almost as far as you wanted your drive to go.

But never mind, keep on hitting until you get on the green and when there your troubles are over almost.

After you hit the ball over and around the hole five or six times, maybe it will go in. If it does you will count up your score and find it is about 15. Take the score card out and conscientiously mark down to and go to the next hole. It will probably take you 80 for nine holes, but you'll have a 45 on your score card so what's the difference. Of course you may not do any of the preceding things and here's hoping you didn't. Don't forget "If at first you don't succeed, try, try again."

Track Team Receives New Suits

Coach Ritchay announced that he has received over a dozen new track suits for the team.

The suits are made of white woolen cloth, and the jersey has a red stripe across shoulder to carry out the school colors.

The team wanted to wear their new suits Saturday against Wausau but the game was postponed.

Ode to the New Belle

Aaron has a new girl,
And we're waiting now to see.
(As soon as she is old enough)
An athletic prodigy.

When asked what she looks like
Happily answered he,
"Oh she's a perfect darling,
Why! She looks just like me.

"She's surely most intelligent,
You can tell that from her cry,
It is so very musical,
Not harsh or pitched too high."

You'll have music morning, noon
and night

In time those tones you'll hate
But let this thought console you
When she makes you stay up late.

When you're walking the floor
with baby
Crooning an all night slumber song
Be glad you're not in Greenland
Where the nights are six months
long.

Don't mind this Mr. Ritchay;
She's a wonder! We know that well
Here are our sincerest congrat-
ulations,

And a cheer for the brand new
belle. —The Staff

High School Trimmed

High school students had the honor of throwing the first balls in the bowling tournament at the Elks. John Plenke for the basket ball team and Jack Trier for the Citizen National bank began the hit or miss game. It was mostly miss. Both teams were boosters and should get the prize for low score the pin wreckers not only did that but they also ruined the alley. Tony Hentz threw the ball half way down the alley while Forty Rodeghier ran half way down to help the ball push over the pins. John Plenke insisted on always picking out the end pins. These are the hardest pins to get and he deserves a lot of credit. Ross says getting strikes isn't as easy as getting baskets. Timmy decided to be sociable by averaging 110. The yelling match ended with the banks leading by 359 pins. Mr. Normington said that he hoped they had a good time and he also said he expects at least one of the ten men to be on a championship Normington team about five years from now.

4A's, Not Athletic Asso.

Award Letters to Girls

After the inside pages went to press, we found that we of the editorial writers had been misinformed about the letters awarded 4A's. These are not the official Rapids letters, but smaller W's that any one can buy. The athletic association does not award these letters and is in no way responsible for them.

The 4A's club will award these to members who they believe deserving recognition for outstanding ability in athletics.

Musical Program Please Students

Several programs have been given in the Maim Room lately. The Marquette Glee Club, and orchestra were enthusiastically received, April 20. Madalyn Johnston gave her reading, "Danny", last Wednesday.

Thursday afternoon, several of the girls of the Glee Club sang, "Welcome Pretty Primrose Flower", the song that took first place at the Music Contest held in Stevens Point. The H. S. orchestra under the direction of Mrs. Nettie Booth Wegg, the Brahms Quartette also played the pieces in the main room that took first places at the contest. Dorothy Jackan gave a piano solo, and Ernestine Johnston sang.

Ervin Finup—I hear the coach called you a blockhead.

Ed Hougen—No, he didn't make it that strong.

E. F.—What did he actually say.

E. H.—He said, "Put on your hat, here comes a woodpecker."

Spring Football News

Spring football practices are being held daily under the direction of captain Harry Klappa. Several promising linemen have been discovered among the group of candidates for the 1926 team. Harold "Red" Eaton has shown considerable ability as a ball carrier and it is probable that he will be used in quarterback position. Although the daily sessions have so far been to teach the inexperienced players the fundamentals of the game, regular scrimmages will soon be held and fans will be able to get a idea of how well the H. S. will be

Among the Five Hundred & Fifty Five

The Misses Jensen and Hatch attended the Wisconsin Valley Home Economics association at Stevens Point, Saturday, April 24.

Miss Mead spent last week end at Stevens Point.

Perdita Gruwell spent the week end with Elizabeth Rogers of Stevens Point.

Marie Betlach, of Stevens Point spent the week end with Helen Mackaben.

Henry Komatz spent the week end at Milwaukee.

Marjorie Gibson returned to school Tuesday.

Harvey Gee returned to school Monday after a few day's illness.

"Forty" Rodeghier visited at Stevens Point Friday, April 23.

A number of students from Lincoln High are planning to attend the Junior Prom given at Nekoosa this evening.

Miss Fitzgibbons spent last week end in Milwaukee.

Miss Neale spent the week end at Waussau.

Miss Mead spent the week end at Merrill.

Miss McInnis spent Saturday and Sunday with friends at Rhinelander.

Betty Nash, "Bobbie" Brauer and Jane Brauer motored to Oshkosh last Friday.

Plans for the 4 A banquet which was to have been held at the hotel have been changed owing to fact that school activities must be kept in school.

Exchange News

Seven consecutive times LaCrosse High school won the district high school basketball tournament. The Racquet (LaCrosse, Wis.)

Cheating according to Pres. Henry M Winston of Lawrence College is "the use for your own benefit of someone else's work and knowledge."—The

Commercial Students Win Place in Contest

At the League Commercial contest held in Marshfield last Saturday, Wisconsin Rapids placed second. Stevens Point won first honor with thirty-six points and Wisconsin Rapids, second with twenty-six points.

Six Lincoln High students earned the right to take part in the State contest which will be held at Whitewater Normal School May 8. Margurite Dickoff won first Jean Cichy won second while Berdina Falkasky and Elmer Knuteson won second and third places in bookkeeping.

Girls Gym Classes Meet Outdoors

Mr. Torresani has been conducting girls gym classes outdoors for the past two weeks. Many of the students in the library steal glances out the window towards the exciting relay races in which the girls take part.

Members choose sides and Mr. Torresani assigns them different places around the track. The first runner is given a dumbbell which she must carry to her teammate who in turn must run and give it to the next runner.

The contests are usually exciting and close. Other kinds of races are also run and most of the girls say they like gym outside better than in the "stuffy old gymnasium."

Advanced Music Class Have Picnic

Members of Miss Bradfords Advanced Music class had a picnic Wednesday, April 21, in honor of the people who put on the best program for the class. Several students furnished cars so the pupils could go some distance. Roasted weiners, buns, potato salad, and marshmallows, were served. Sports of various kinds were enjoyed by everyone.

Number of 100 Percent Rooms Increase

The banking record of the school is getting better and the number of rooms banking one hundred percent is also increasing according to recent statistics.

Several one hundred per cent records were established last bank

Inquiring Reporter

Question—Should there be a tennis court at the school?

Jean Cichy—"Yes! Just loads of kids would come up to play because there is just one public court in town now. But an indoor swimming pool is needed just as badly because there are many aquatic stars who would like a chance to swim in the winter".

Frances Mathis—"It would be a wonderful thing but I think an indoor swimming pool is needed more".

Jack Trier—"Tennis is a good game if you can get it started. There ought to be a public court but the city should be responsible for that."

Miss Roberts—"It would be a fine thing. I have had my racquet here for two years and haven't had a chance to use it. At present there is no good place to play except at the hospital."

Miss MacInnis—"It is badly needed and I am certainly in favor of it."

Sewing Classes Will Make Spring Dresses soon

Sewing classes are busy making dresses for spring. The freshman girls have just complete simple one piece dresses and will begin on stunner dresses now.

Junior girls have just finished sport dresses and are about to begin silk ones.

Cooking classes are divided into groups and plan to serve luncheons soon.

Chemistry Classes Visit Filter Plant

Tuesday, April 20, Mr. Ritchay took his chemistry classes out to the new filter plant on Oak street to inspect it and to see the plant in operation. The iron is taken out of the water by a chemical process, which has been studied by the students. Mr. Ritchay thought, therefore it would be of interest and also help them in understanding it, to see the plant in operation.

Hatch, Chapin, Neale, Fitzgibbons and Ritchie, Mr Ritchay's chemistry class, and the juniors banked in the main room.

Girls Take Efficiency

Tests In Gym Classes

As a means of determining the physical ability of the Lincoln High school girls, efficiency tests are being given in the girls gym classes under the supervision of Mr. Torrensani. These efficiency tests are sent out by the American Recreational Association and awards are being given to those who master the tests.

There are three tests given. The first is divided into three parts. Connecting of balancing, throwing a basketball a certain specified distance, and a time test. This test is given until it is done perfectly and then the second is given. This work is very interesting to the girl.

Will Present Small W's

to 4 A Basketball Team

This year, for the first time in the history of Lincoln High school girls are to receive letters for athletic honors. It has been a custom for some time for the boys to receive a large red or white W for playing the required time in any scholastic game. The seven 4 A girls who played on the team and played the required time will each receive a small W.

When sending for the letters for the boys, Coach Ritchay also sent for the letters for the girls. Each boy is allowed one letter given by the school and as many others paid for by themselves as they might want. There was quite a large order sent in, many of the boys ordering an extra W. They are expected soon.

The girls are: Elizabeth Baker, Mary Greiber, Jane Brauer, Alice Hougén, Ann Kwasigroh, Verna Lukaszewski, and Sue Nash.

Thalians Hold Sandwich Sale

On Wednesday, April 21, the Thalian club held a sandwich sale in the lower hall, which was a decided success. These sales have proven very popular with the students this year, several others having been given to secure money, by various other organizations in school.

The purpose of this sale was to help raise money for a Thalian party which will be given sometime in May.

**Marquette University Glee Club
Entertains Students**

The Marquette University Glee Club of Milwaukee entertained the students Tuesday, April 20.

Several interesting songs were given. Popular numbers by the quartette were received with much applause. In addition to the vocal selection, the Marquette Music Masters played several popular numbers, among them being, That Certain Party, Normandy, and The Spanish Shawl.

The various concerts given by glee clubs from different parts of the state have proven very entertaining to the people of Wisconsin Rapids this season.

Marquette Glee club was brought here through the efforts of the Knights of Columbus as a formal opening for the new St. Peter and Paul auditorium.

Syd—Ever have any trouble with dyspepsia.

Frosh—Only when I have to spell it.

Put two people in a room—one with a toothache, and the other in love; and the one with a toothache will go to sleep first.

Bobbie Smart—(In Sunday school class)—Whose light guided Moses in the darkness?

Billy Graves—The Israelites.

Senior Calling Cards Arrive

Members of the senior class are exchanging calling cards this week. Since the cards arrived last Friday, Monday morning marked their appearance in school. Most of the students have had their cards engraved in old English to match the type of the Senior announcements.

Thalian Holds Sandwich Sale

The lower hall was a very popular place April 21, after school when the Thalian held a sandwich sale.

Various other sales have been held during the year by other organizations in high school, and have been considered a great success.

The proceeds will be used for a banquet to be given some time in May.

GOOD CLOTHES

for the
"GRAD"

The boy graduate will want to look his best on that eventful day. Fridstein's are better prepared than ever to outfit the young men of Lincoln High who are graduating this year.

For 15 years we have been serving the boys of Lincoln High . . . it's a pleasure for us to help these boys select their clothing needs.

Let us serve you now.
