

Rapids Defeats Strong Nekoosa Team Here

On Saturday afternoon, October 25, the Wisconsin Rapids football team defeated Nekoosa 12 to 9 after an afternoon of the most erratic playing ever exhibited by the local team.

Both of the locals scores came in the first quarter. After an exchange of punts and a penalty on Nekoosa, Peavey broke through the line to block a kick from the five yard line and fell on the ball giving the Rapids, their first touchdown. The place kick fell short.

Near the end of the quarter, Sampson showed his mettle by intercepting a Nekoosa pass and sprinting about 55 yards to give the Rapids boys their last score.

Play in the second quarter was confined chiefly to midfield where Beppler of Nekoosa made one gain after another.

The next quarter brought more excitement and action for both teams. Nekoosa gained 30 yards off left tackle and after an exchange of punts Beppler of Nekoosa ran 28 yards for a touchdown. A line plunge netted the extra point making the score 12 to 7.

After several losses and several gains on the part of Nekoosa, the ball was placed, in Wisconsin Rapids possession about 5 yards from the goal line. On the next play Ticknor attempted to kick out of danger but a bad pass from center over his head, when downed gave Nekoosa the extra two points for a touchback.

During the fourth quarter Nekoosa went wild making one first down after another one time losing the ball two yards from the goal. After an exchange of punts Nekoosa attempted to kick goal from about the twenty five yard line but failed. The game ended with the score 9 to 12.

ATTEND WAUSAU CONVENTION

All the teachers in the Wisconsin Rapids city public schools attended the district convention at Wausau on Friday, October 10. Speeches were given by William Irwin, the prominent writer, and

STUDENTS ARE INFORMED REGARDING FIRE PREVENTION

Fire prevention week was fittingly observed at Lincoln High on October 8. Two students, Clark Lampe and Howard Thomas, eloquently delivered the instructive addresses. Apparently Mr. Lampe expects this school to produce a long lived group of citizens for we are to remember his words for "not one week, but 35 years."

Three Former Students Honored at Madison

At the Freshman Scholarship Banquet given by the Woman's Self Government Association at the Memorial Union, at Madison, on Thursday October 23, Barbara Nash, Elizabeth Ridgeman, and Elizabeth Abel, were honored because of the good work they did while in Lincoln High School.

This banquet is given in recognition of good work done in preparatory school, and to encourage the continuance of the same standard of work in college.

Miss Dorothy Blue, Assistant Scholarship Chairman stated in her letter to Principal Ritchay: "We congratulate your school on being represented at this dinner and we trust that it may stimulate to scholastic achievements of which you may be justly proud."

Frank Cody, superintendent of the Detroit Schools, in the morning.

In the afternoon the departmental meeting was held for grade and high school groups.

14 "A" HIGH SCHOOL STUDENTS DURING FIRST SIX WEEKS

During the first six weeks of school, fourteen students worked harder than usual and received the satisfaction of earning the highest grade the school awards.

Those receiving this honor are as follows: Kate Deigman, Margaret Farrish, Dorris George, Richard Hougen, Patricia Nash, Warren Pinegar, La Verne Rowland, Helen Stahl, Vivian Stavin, Althea Schmick, Hazel Van Gorder, Germaine Weller, Dolores Skarwecki and John Jeffrey.

LINCOLN HIGH ENROLLMENT INCREASES 2.4 PERCENT

Last year the total enrollment on September 12 was 709 students; this year there was an increase of 17 students, with 729, as the total enrollment. Last year, when school opened 223 students were enrolled as Freshmen; 167, as S; 181, as Juniors, and 120, as Seniors; with a total of 691.

On September 2, 1930, 188 students enrolled as Freshmen; 202, as Sophomores; 161, as Juniors, and 158, as Seniors; with the total 710. At present there are 191, enrolled as Freshmen; 208, as Sophomores; 167, as Juniors, and 162, as Seniors. This is a gain of 16 students since the 2 of September.

MANY SENIORS HAVE THEIR PICTURES TAKEN

The Adawagam staff has been working hard and much progress has been made on the annual. All senior pictures are due by November 7. Many of the students
(Continued on page 3.)

Homecoming Biggest Success In Years

Homecoming was a real success, thanks to Mr. Hornigold, director of it, and Dick Hougen, chairman of the general committee.

The first of the program was a "peppy" mass meeting held on Thursday afternoon. The Chemistry Club, Thalian, Boys Glee Club, and Mask and Wig, furnished the entertainment.

Evidently the day of vacation gave no one reason to lose interest, for the attendance at the bonfire was as large as it has ever been, if not larger. Wisconsin Rapids was certainly "burning up" Friday night.

The parade, held at eleven thirty Saturday morning, was both clever and humorous. The Hoboes were humorous; the floats clever.

As it customary and traditional, the boys fought a hard team and won a victory to add to the further success of the eventful day.

The dance Saturday evening climaxed a very delightful weekend.

New Lincoln High School Now a Reality

The new Lincoln High School building is in form a main three story fireproof building with an adjacent one story field house. The arrangement is that of the letter T. The main building is 200 feet long, and 60 feet wide at the head of the T. The bottom of the T is 70 feet by 95 feet. This adjoins a field house covering an area of 245 feet by 114 feet. The capacity of the building is somewhere between three or four thousand.

At present the work on the boiler room, and brickwork has been started. The derrick of the Wisconsin Bridge and Iron works handles the 114 foot steel trusses. The first floor of the school is to be finished in three or four weeks, and it is planned that by the first of 1931 the entire school will be under roof.

MR. RITCHAY'S EXPERIMENT

With regard to the experiment Mr. Ritchay has been trying the last Wednesdays, I should think all of us would be anxious to make it a success. In giving us a half hour each Wednesday afternoon, he believed it would benefit the students in their regular activities. Let's show Mr. Ritchay our appreciation accordingly, for aren't we the ones the new plan will benefit most?

LEST WE FORGET

We have to work hard this year to make up for what I neglected last year." You can easily understand how this student feels, this ambitious spirit departs, and we find someone asking, "Aren't you taking any books home tonight?" "Too tired; I do not believe in wearing myself out so early in the year. There will be time enough for work, later," is his response. "I put off until tomorrow, that which can be done today." Especially are we warned to take heed of this advice.

CONCERNING TUESDAYS

On Monday mornings, the familiar cries of the "forgetters", "Lend me a book", or "I forgot my bank book", are heard in all the classrooms. This manner is banking heralded as a school activity for the new year.

Why do students forget, especially when a seat partner is asking to lend money to the "forgetter". The policy of borrowing is certainly not a very creditable one. Let's all assume our responsibility, and remember that banking is a distinct privilege, not a compulsory routine.

As everyone knows how useful and helpful a bank account may be, let's all student bring his bank book and money every Tuesday to make this year a banner year for banking in Lincoln High School.

BOYS GLEE CLUB

The Boys' Glee Club has an unusually large membership this year. Twenty eight old members met at the first meeting and twenty new ones. Since then the total membership has grown up to forty two. It has been decided to limit the club to

the present number.

The officers of the club are as follows: Aubrey Sundet, President; Richard Suhr, Vice President; LaVerne Hage, Secretary; and John Jeffrey, Treasurer.

A Club orchestra is planned for use at club parties and dances but has not been organized yet.

Among our new teachers this year we have Miss Benson who has taken the place of Miss Stresse in teaching bookkeeping. Miss Benson taught at Evansville, Wisconsin, previous to coming here. Her sense of humor is enjoyed by those who are in her classes.

Miss Gies's place has been filled by Miss Jewell who taught last year at Sparta. Miss Jewell is teaching literature, composition, and public speaking.

Miss Neale is well known to the older brothers and sisters of the students who are now in school, for she was here four years ago. Miss Neale's motto is "Work to Succeed."

Mr. Samuelson has taken Mr. Grask's position in teaching physics, general science, and algebra. He taught last year at Cornell, Wisconsin.

Miss Troemel has succeeded Miss Amon who taught art last year. Miss Troemel, who supervises our art club, was at the university of Wisconsin last year.

Miss Henbest's position has been taken by Miss Weideman who is teaching algebra and geometry. Miss Weideman taught at Fountain City before she came to Wisconsin Rapids.

Mr. Johnson has charge of the printing class. He took a six months' special course at the Stout Institute previous to coming here.

Miss Flanagan, who taught at Antigo last year, is teaching foods; she has taken her sister's position.

Local Teachers Hold Interesting Party

On Thursday, October 16, the teachers held their annual party. Mrs. O. T. Hougén and Mrs. Esweid were the cateresses and served a delicious buffet dinner. Immediately following the dinner Mr. Hornigold sang, and three travel talks were given by Misses Talbot, LaPerriere and Mrs. Rousseau. Miss LaPerriere told of fashion show which she attended in Paris while she was there, and the other two teachers told of humorous events and incidents which occurred on their trip.

Bridge was played in the sewing room after the talks, and many novel ideas were introduced into the game.

The Lincoln High School Parent Teachers' Association opened the year's activities Tuesday evening, September 23, with a splendid program and reception for the high school faculty. The meeting

was held in the music room of the Witter building with Mrs. W.F. Thiele, president of the organization, presiding. A short business session was held and it was voted to continue with last year's project, that of assisting the school band. A benefit party will be held soon and the proceeds will be used to purchase instruments.

Musical selections were given by Richard Hougén on the piano, by Bruce Fisher on the saxophone and community singing. Following this were the reports of the state convention held in May, and given by delegates, Mrs. Thiele, president; Mrs. Oscar Omholt, treasurer; and Miss Mae Roberts secretary. These reports offered much of value for consideration.

The program was followed by a reception for the faculty members and an informal social time.

Refreshments were served by Mrs. J. G. Hamilton and committee.

Benefit Card Party

The P. T. A. held a benefit card party in the music room of the Witter Building to raise funds for the band. There were 55 tables of bridge and five hundred. Refreshments were served and prizes awarded.

Miss Annon: "Give me an example of foreign entanglement."

Wilbur Beraad: "A meal of spaghetti."

"Not everybody can do this," said the magician as he turned his auto into a lamp post.

"Mr. Bird," said Dick Rose-Push as he turned the pages of his history, "How did cliff dwellers keep warm in the winter time?"

"Why I guess they used the mountain ranges. Now don't ask any more foolish question."

Mr. Ziegler has charge of the band and orchestra; he was formerly an instructor at Wauwatosa.

Mr. Huber is coaching our athletic teams this year; he was at Pawhuska, Oklahoma.

When the boy friend brings big sister a box of candy she exclaims in rapt amazement, "Oh, Donny! Is this for me?" Foolish question! And the stammering lovesick swain should reply, "No, I brought the sweets for your father and mother to enjoy. I just thought I'd show them to you first. You may give them back now." But he never does.

You have just returned from your two weeks summer vacation. On the street one day you chance upon old friend Bill. He flashes forth a hearty greeting, slaps you jovially on the back and wonderingly questions, "Are you back?" Foolish question! You should genially retort, "No, no, I'm not back. I'm abroad touring Europe for my health. Can't you see?"

You are speeding the North Western Limited to attend the funeral of dear old uncle Ambrose. On the train you encounter the buxom Mrs. Willoby Watson, a friend of the family. When you sadly explain that you are on your way to attend the funeral of dear old uncle Ambrose, the woman interestedly inquires, "Oh, is he dead?" And you patiently elucidate, "No, uncle Ambrose isn't dead. You remember he always was an eccentric old chap and he thought he would have his funeral now instead of later. You see, he was informed that the price of caskets might go up. He is funny that way."

—Betty Rumsey

HAVE YOU THE RIGHT ATTITUDE?

A student who has a good attitude in his classes is more likely to receive a good grade than one who just sits and talks disturbing his neighbor.

Student, for the good of your school and for your own success, develop your attitude in class to suit your teacher, and you will be a better cog in the wheel of progress. When you come to class settle down to work, but work and do not play. There are always a few people who do not know any better than to disturb others. Are you one of this group?

—Elmer Looch

He (fastening the little girl's dress): "Didn't your mother hook this?"

She: "No, sir; she bought it."

(Continued from page 1.)

have already handed their pictures in and many more have made appointments. This year the students have their choice of going to either Mr. Palmquist or Mr. Klun.

Work in all the other departments has been started and the contract with the engraver has already been signed.

1930 Graduates at Various Schools

The following students who were graduated with the class of 1930 have entered institutions of higher learning:

Douglas Bain, University of Mississippi; Helen Hahner, Elizabeth Paterick, Viola Knuth, Edan Schults, Alma Miller, Dorothy Tesser, Lucille Gehrs, Rachel Corey, Delia Riemer, Lois Beebe, and Cecil Donahue, the Wood County Normal; Lottie Jeroz, Milwaukee State Teachers' College; John Herschleb, Roy McWold, Robert McKercher, and Howard Anderson, Stevens Point State Teachers' College; Elizabeth Able, Dorothy Brennen, Barbara Nash, DeLyle Omholt, Elizabeth Ridgman, and Mary Ellen Riley, University of Wisconsin; George Saar, and Bernard Garber, Beloit College; John Brauer, and Ward Rosebush, Lawrence College; James Nash, Dr. Evans' School in Tucson, Arizona; Helen Reiland, Oshkosh State Teachers' College; Dorothy Billmeyer, and Virginia Trier, St. Theresa's College in Winona, Minnesota; Jane Roenius and Ruth Bassett, Ferry Hall in Lake Forest, Illinois.

Catherine Brennan will enter St. Mary's Nurses' Training School in Milwaukee; Ethel Nae Smith has gone to the Grandview Nurses' Training School at LaCrosse; Edward Howard is attending Shattuck Military Academy in Faribault, Minnesota; Anton Kauth has gone to the Milwaukee School of Engineering; Freeman Gilkey, Richard Bodette, and Frank Rucinski are attending the Federal Radio Institute in Milwaukee.

Traffic Cop: "Say do you know how to drive a car?"

Obliging Driver: "What is it you want to know?"

Students of Lincoln High are bemoaning the absence of many familiar faces on the teaching staff this year. What has become of them? Well, little Danny has exerted his wiles upon many to desert their noble pedagogical practices and gaily trip up the aisle in answer to his dimpled, chubby, beckoning little finger. Success be unto them!

Mrs. Tom R. Breitzman nee Miss Leone Gies is happily located in the sunny state of Missouri.

The other matrimonial adventures have been so charmed with our beautiful city (?) that they couldn't resist offer to remain in our midst. Fifth street north boast one cozy little bungalow; the residents being no other than that of Attorney and Mrs. C. J. Randall. The bride, the former Miss Irma Strese, has been for the past five years the efficient head of our commercial department. Not many blocks from the fifth street love nest, on fourth street, reside another newly wedded couple; and Mrs. Hill by name. Mr. Harold Hill has also chosen from the Lincoln High commercial department for Mrs. Hill's maiden name was Miss Marian A. Hunt.

Now, girls here's the sad news. Mr. Graske is married! He is an insurance agent now, but in case any of you want help with physics problems, he lives on Chestnut street.

There was one groom who didn't have to smile over hard biscuits at the first breakfast.

"Who was that lucky male?," you ask. Our director of physical education, Mr. J. A. Torressani, was the blushing groom.

The former Miss Lucille Flanagan, instructor in the science of cookery was the bride.

Miss Marath Ruth Amon, art teacher, has accepted a position on the faculty of one of the schools of Wichita, Kansas.

Journeying the farthest from our midst, Mr. Lyle Louis, printing instructor, is teaching in Seattle, Washington.

Everyone was sorry to see our coach, Einar Tangen leave. He is now assistant coach at Lawrence College in Appleton.

Mrs. Nettie Booth Wegg, and Mr. Lambert are missed by the members of the orchestra and band.

ematics teacher. From all reports, however, she is still enjoying perfect health and has secured an excellent secretarial position.

Coach Huber

One of the new faculty members of Lincoln High School is Mr. Leo Huber, athletic coach, who has taken the place of Mr. Einar Tangen, instructor in that work last year. Mr. Huber was born in Nekoosa and attended the graded school there. He spent his first three years of high school life at the Lincoln High School in the Rapids, graduating however, from the high school at Nekoosa the following year.

Mr. Huber attended the Teachers' College at La Crosse, Wisconsin, later teaching and coaching at Chippewa Falls and Racine the following year he taught in Milwaukee, acting as supervisor of physical education. He was asked to return, but decided to go to Urbana, Illinois, where he attended the University and received his degree.

The next two years Mr. Huber taught in Pawhuska, Oklahoma, where he was successful with both his basketball and football teams. In May 1930, he returned to his home at Nekoosa, and was a successful manager of the Wisconsin Rapids baseball team during the past summer. Mr. Huber resigned his position at McKeesport, Pennsylvania to accept his present position.

Many Enroll In Evening School

About one hundred seventy men and women took advantage of the opportunity of registration the first evening. In addition to these, about eighty students have enrolled, but have not paid the initiative registration fee.

Students registered in twenty two courses, although some courses have not sufficient enrollment to begin work. Many classes will begin work Monday evening, October 20.

About eighteen students have requested a course in beauty culture this year. Miss Francis Wertz, a licensed operator and a graduate of the Burnham School of Chicago, has been secured to instruct the class.

Rapids Battles Antigo To Scoreless Tie

On Saturday, October fourth, the local ball players battled Antigo to a scoreless tie. The fact that the Lincolnites were within two yards of the goal made the outcome a disappointment. Just as the first quarter ended the Rapids had recovered a fumble on the Antigo 32-yard line. A successful pass, followed by two line plays which netted six yards, was made by Ticknor to Omholt who was downed on the four yard line. Lampe slipped through the Antigo forward line for two yards putting the ball two yards from the goal. After two unsuccessful attempts at end runs the ball was put on the nine yard line after an even yard loss. The ball went to Antigo on fourth down on an incomplete pass. The Rapids boys showed an advantage over their opponents on end runs while Antigo seemed best bucking the line. Ticknor had an advantage over Nelson, Antigo man, at kicking for each exchange of punts showed a gain for the visitors.

Merrill Taken Into Camp, Score 7 to 6

Saturday, October 18, at Merrill, the Wisconsin Rapids grid-ers defeated Merrill 7 to 6 in one of the closest games of the season.

In the first quarter the local team lost a golden opportunity to score, when they were penalized fifteen yards for holding, after recovering a blocked kick on the ten yard line. In the second quarter, play was confined largely to midfield. Neither team was able to drive past the other thirty yard line.

Late in the third quarter, after the local boys received a punt on the Merrill thirty-two yard line, after several plunges followed by a five yard penalty of Merrill the ball was placed on the twenty yard line. Omholt, taking the ball, squirmed out of reach of several Merrill tacklers and made a spectacular sprint of twenty yards to put the ball over the line for a touchdown. Ticknor sent the ball squarely between the goal posts on a well placed kick for the extra point.

Following the kick off on the fourth quarter, and an exchange of punts Olson of Merrill took a long pass to gain 52 yards. The ball was placed on the six yard line with goal to go. Here the Cardinals showed the defensive power that has marked them in the conference. Merrill succeeded in bringing the ball to the two yard line but were thrown for a loss. Merrill was given first down again but failed to gain.

The Rapids took possession on the 8 yard line after 8 plays of Merrill's hammering for a touchdown. After an exchange of punts, Ticknor attempted to punt out of danger from the ten yard line but the kick was blocked and a Merrill man scooped up the ball and stepped across the goal for a touchdown. The kick fell short and the game ended with the score, The Rapids 7, Merrill 6.

Drubs Tomahawk By Large Margin

In their first game of the season, the Wisconsin Rapids football team defeated the Tomahawk team 19 to 6.

The first part of the game was uninteresting and slow moving, for it was nearing the last of the first quarter before the teams found themselves.

Several fumbles showed that the local players have much room for improvement in handling the ball.

During the first half, the high spot was Les Omholt's referee play, during which he knocked down the referee. An exchange of punts follow by successful passing to Reinhart netted he first touchdown near the close of the first half.

At the beginning of the second half, a blocked kick gave the Rapids the advantage. After several line plunges by Omholt and Reinhart, Les broke away and ran for the second touchdown. A line plunge gained the extra point.

The second team replaced the regulars at the middle of the last quarter. Peterman of Tomahawk returned a punt 60 yards before he was tackled, making it first down on the 19-yard line. A successful pass on Tomahawks part netted them their only score. Tomahawk kicked off and was

Marshfield Defeated By Score of 12 - 0

The strong attack, in the first half, of the local grid-ers netted for them the only two touchdowns of the game. In the first half the Rapids piled up nine first downs, three of them coming consecutively in the first quarter to carry the ball from Marshfield's thirty two yard line to within one yard of the goal, from where Omholt plunged over for the first touchdown of the day.

In the second quarter, Omholt speared a pass and raced ninety yards for a touchdown only to have the ball brought back when official found he had stepped out of bounds ten yards from where he intercepted the pass.

Not disheartened they advanced the ball again, this time to the eight yard line where they lost the ball on downs. After punting to the visitors the Rapids men fell little by little before the crushing attack until Sampson intercepted Schuelke's pass and raced sixty yards for a touchdown. In the first half Wisconsin Rapids outgained Marshfield 125 to thier opponents 17 yards. In the second half Marshfield gained 145 to the Rapids' two yards.

returned by Lampe as the final whistle blew.

JOHNSON AND HILL GIVE GRID BANQUET

On Monday evening, October 20, Johnson and Hill Company entertained almost 400 football players, their fathers, mem of the faculty, and of the board of education, and students of Wisconsin Rapids, Nekoosa, and Port Edwards at a banquet.

After an excellant chicken dinner Ray Johnson, toastmaster, called on J. E. Rhor, Hugh Gog-gins, Phil Murdock, Leo Huber, D. P. Johnson, Johnny Roach, T. W. Brazeau, Eddie Kotal, Charlie Mingst, C. A. Normington, Leon Murdock, and Judge Parks for speeches.

This banquet was the best of this kind, ever held in the Wisconsin Valley.

Don't forget to attend the foot-ball game tomorrow.
