

## Washington Bi-Centennial is Sponsored

The community is sponsoring a Washington Bi-Centennial program in the field house of the Lincoln High School on the evening of February 25. This program is being presented for the purpose of promoting American citizenship.

A short program is being planned by the American Legion and Auxiliary to precede the lecture of the evening. The colors will be presented by the color guards.

Following the presentation of the colors, Professor Carl Russell Fish, of the History Department of the University of Wisconsin will deliver a lecture on "Washington"

## Faculty Members Visited Monte Carlo

The first party of Local Unit Number One, given January 14, was preceded by a banquet prepared by Mrs. Lipke. A meal that would tickle the palate of an epicure.

The Misses Metzger and Peterson favored the audience with two very pleasing vocal numbers.

The committee was fairly bombarded from every side with such admonition as "Don't have this! Don't have that! We are bored to extinction with plays and games!" — and such like helpful suggestion. So much has been heard about suppression, expression, impression, depression and the whole family of "pressions" that the committee decided to play the role of the fairy godmother by presenting to each individual, the magnificent sum of \$100,000. Each member was bade to go forth in conformity with the old saw, "Money begets money", get the Midas "touch".

Grand prizes were to be given to the ones who showed the "Croesus complex."

The scene of this orgy of money getting was in la belle France — Monte Carlo, Longchamp, Deauville.

Judging from the hilarious laughter emanating from the various "gold fields", the party was a "howling success".

The successful "gold diggers" were Olga Bergman, Carol Steib, Joseph Singer and Von Holliday.

## High School Debate Teams Begin Work

On Friday, January 15, the debate teams journeyed to Stanley for the first debates of the season.

The contests were scheduled as preliminary or practice debates and served well in pointing out to the members of the teams their failings. As it was the first appearance upon a platform for all except Howard Thomas, the initiation into contest debating was unusually valuable.

The debate was a non-decision, open forum affair. In recent years the unsatisfactory results of decision debating has led to a move to hold non-decision debates. The feeling that something vital was lacking by eliminating decisions led many schools to adopt the open forum style which has become quite popular.

The first debate here will be with Wausau and will probably be held Friday evening, January 29. We urge you to come. We think we can interest you and we cannot speak well to empty seats.

## Basketball Team Gives Charity Exhibition

The 1930 and 31 basketball team showed that they still remembered the things about basketball that Coach Huber taught them last year.

This is the team you hear many of the alumni talk about and which made such a good showing in the state tournament at Madison. The players are Omholt, Looch, Krehnke, Reinhart, and Lampe.

And to think you were just a struggling business man when I married you.

Yeah, but I didn't struggle enough.

## Julius Winden Resigns as Superintendent of Wisconsin Rapids Public Schools

### RESIGNS

Mr. Julius Winden

Julius Winden, a member of the Wisconsin Rapids school system for almost twelve years, resigned at the January meeting of the board of education, the resignation to take effect at the end of the present school term. The many friends he has made during his years of life in Wisconsin Rapids, and the faculty members of the entire school system, received the announcement with regret.

Mr. Winden became principal of Lincoln High School September 1920, after having served thirteen years as superintendent of schools of Randolph, Wisconsin. When E. G. Doudna resigned as superintendent in April 1923 Mr. Winden was elected to the superintendency, the position he has held ever since.

During his administration many modern educational procedures were introduced into our schools which have all shown to advantage in the system. He also supervised the building of the Lowell Grade School and the new Lincoln High School during his time as superintendent.

He has been a member of the board of the Central Wisconsin Teachers' Association for the past several years, and this year is serving as president of the association.

The students of Lincoln High School whose problems he understood so well, and the faculty with whom he cooperated so closely, wish him the greatest success in his new endeavor.

## Wisconsin Rapids Will Be Band Tournament City

Wisconsin Rapids has the honor this year of being the city in which the state high school band tournament will be held. The facilities of both Milwaukee and this city were considered. In the voting that followed sixty six votes were cast, of which number forty were for Wisconsin Rapids.

## Band Mothers Elect Officers

The newly organized Band Mother's Club held election of officers Friday afternoon January 8 at 3 o'clock in the Music room. The following officers were elected. Mrs. F. Germann, president, Mrs. H. N. Blackburn, vice president, Mrs. C. P. Gross, secretary and treasurer. Plans for the state band contest and the Band Mother's Convention which are to be held in this city May 6-7, were discussed.

## Honor Students Show Increase

The honor list of Lincoln High has made an increase of one this six weeks.

The following are the "A" students:

Helen Arndt, Kate Deigman, Doris George, Mae Jacobson, Marguerite Gaulke, Janet Palmer, Louise Lychyweck, Dolores Skarwecki, Althea Schmick, Jane Taylor, Mackinnon Lansdowne, Howard Thomas, Nancy Nash, Gilmore Layton, and La Verene Rowland.

Wife to maid "So Mr. Jones has found something fresh to complain about."

"No, mum, it's the eggs."

Published by Students at Lincoln High School  
Single Copies, 5 cents.

## MONSIEUR CARLOISIER'S PROPHECY

Students I bring you news from the depths of Lac Future. As I gazed into the crystal surfaces of the beautiful blue I caught a glimpse of Lincoln High.

The students as a whole were in good condition after the terrible ordeal they have just gone through. However Bill Heilman seemed to be a trifle thinner from studying and worrying. Don't feel bad about it Bill, you can't grow out and up at the same time. A few of the girls spent so much time hoping and praying that they forgot to apply the usual amount of cosmetics. The depression in the sole of Jo-cur threatened to run the five and dime store out of business, but I noticed in the rushing waters that all these necessary details are with us again.

As I peered in deeper I saw the first six weeks pass.

Every one continued to be happy. The basket ball games began with "a bang" and ended with victory.

The second six weeks passed and there were indications that the students were still working hard, and doing their best to succeed.

The last six weeks actually sped by. Everybody was making the best of the time left and every one was enjoying himself at the prom, and what not.

Then the last day with its white dresses and its friendly smiles. The class of '32 carried away many honors.

## WHAT'S IN A NAME?

The students of Lincoln High School are fortunate as far as clubs are concerned. We have clubs and clubs.

If some one asks you to what clubs you belong, you are able to call off a string of flowery names. One would believe you were industrious, wouldn't he.

When you graduate from high school your name will be in the annual with numerous clubs listed below. This gives the public an idea of how important you are.

Tell me-what's in a name? Does it mean anything? To the members of most of the clubs it doesn't. It is possible to make it mean something with an expenditure of enough effort.

If the clubs were more active - if they'd do something for themselves and for others they'd really be worth while. It might be just some little thing, but even that would be a welcome memory. There then would be something in a name.

### Latin

My Latin 'tis of thee  
Short cut at lunacy;  
O'er thee I rave.

Another week or so  
Of studying thee, I know  
Will send me straight below  
Down to my grave.

Have you been reading the new books in the library? Over two hundred books have been added to our shelves since September. You will find every type of story among them.

If you like biographies you will find "Meet General Grant": "The Life of Knute Rockne", the man builder, written by Harry A. Stuhldreher, one of the famous Four Horseman of 1924. Ludwig's "Napoleon" is very interesting; Lives of the "Bengal Lancer" by Yeats Brown, as a member of the Royal Flying Corps which gives his experiences in the Seventeenth Cavalry Indian Army is exceptionally good. He has traveled widely in Europe, Canada, the United States and India. He was a well known pig sticker and polo player, being a member of the team which won the Inter-Regional Indian Cavalry tournaments in 1922.

If you like a story full of action and experience read Tom Skeyhill's book "Sergeant York", "The Last of the Long Hunters".

Every high school boy likes football stories. Barbor's "Quarter Back"; Bate's "The Half Back"; and "For the Honor of the School", are among those books.

Some of our students would like to know the correct method of introducing one person to another, or how to act at the next party. Emily Post's latest book of etiquette will give this information.

If you like stories about animals you will enjoy reading, "Buff The Collie", by A. P. Terhune, or Will James book, "Sand and Smokey".

You will find many other types of books: mystery stories, historical fiction, the world's best loved poems, famous short stories, aviation stories, and books of travel.

Don't get discouraged if books you desire have been charged out, just keep asking for them. As these new books are very much in demand it would help if students who draw them, would return them as soon as they have finished reading them even if their time limit has not expired. In this way many more students could enjoy these good books.

Miss Pederson

Mackinnon Lansdowne is very outstanding in the senior class. We think he has everything that is required in the making of a perfect gentleman. "Mac" plays in orchestra, writes funny limericks, composes good poems and is ranked high in all his work.

In the junior class there is a remarkable blonde. Ruth Vruwink, a good student, is liked by all of her classmates. Ruth is taking a great interest in our school activities and we are sure she will continue to do this

"Not so small, not so tall,  
But Louise is loved by all."

Louise Lychywek is another girl of whom the Junior class may well be proud. She is a Choral club member. Louise has been all "A" student since she entered an Lincoln High School.

Richard Brazeau, who is attending Tome School at Port Deposit, Maryland, is guard on the school basketball team in addition to the "strenuous studying" which Dick says he is doing.

David Graves, who is attending Carleton College, Northfield, Minnesota, is taking up the commercial art course. As David says, "Northfield is a town of only two or three thousand inhabitants, but we manage to have plenty of fun."

Eleanor Richards is taking a science course at the University and is doing her usual fine work.

Richard Hengen is taking the hotel management course at Cornell, Ithaca, New York. A future Waldorf-Astoria manager?

Patricia Nash, at Miss Finch's school in New York City, is preparing for a stage career.

Margaret Farrish is taking a general course at the University of Iowa but plans to take psychology and art later.

Teacher: Isaac, what's the difference between electricity and lightning?

Isaac: Ve dunt hav to pay for lightnin'

## BAND

The Band is preparing for the state Band Contest to be held here in May. Several new instruments have been ordered.

Many of the members have been given solos for the "letter tryouts."

A committee has been organized to make a report of any sick members of the band at any time. Robert Gross has been elected chairman, and Mable Peavey and Durward Manley assistants.

## THALIAN

Thalian has held tryouts for two new plays—"Taking Father's Place" and "Between Trains." These plays will be put on sometime next month.

## BOY'S GLEE CLUB

Boy's Glee Club has been practising several pieces for their operetta which they plan to present the later part of this year.

Robert Rumsey is the only pupil in the 7th and 8th grades to have an A average for the semester. Other pupils having an average of over ninety are Grace Perrodin, Eunice Bodmer, Charlotte Enerson, Jane Bandeline, Margaret Jantz and Bill Taylor.

In place of Health this semester the seven 2 grade is taking literature, while the seven 1 grade is beginning grammar.

Several pupils are absent from school because of sickness.

Hazel Miller has withdrawn from school here to enroll at Nekoosa.

The eight one grade pupils have been doing debate work in Social Science.

Mr. Teas and Mr. Midthun recently delivered instructive talks to the eighth grade arithmetic classes on the subject of insurance.

While studying taxation in arithmetic, committees from the eighth grade classes visited officials at the court house and the City Hall to inquire about local taxation.

The Seventh Grade in Miss Henderson's room organized a Reading Club and elected Max Christiansen, president. The club will meet on Fridays, at which time members will report on reading done.

## MASK AND WIG ENJOY PARTY

The Mask and Wig members gave a sleigh ride party January 8. All met at the library and then rode out to Biron--or rather ran. Among the "sprinters" were Kathlyn Henry and Katherine Mengal. At Biron the girls enjoyed themselves dancing at the Community Hall.

The party was chaperoned by the Misses Weibman and Jewell.

## Choral Club

The Girls' Choral Club entertained the Lincoln P. T. A. at their January meeting with a group of songs which included "Ah, This is Jean", by Godard, "Elfentanz" by Grieg and a Russian Song named "Romaika."

## Glee Club Benefit

The matinee dance sponsored by the Boys' Glee Club for the benefit of all Music Club members and their guests was a great success. Kenny Bart's Collegian Orchestra furnished the music. The newly organized Junior Glee Club of the Eighth Grade were special guests. Out of town guests included Betty Gleason and Ardean Alexander of Port Edwards Junior High School.

## Gamma Sigma

January 26 was Stunt Night at Gamma Sigma's first meeting of the new semester. Prizes were awarded Dorothy Mackaben, Edith Lawrence, James Berard, Norman Monsor, Joyce Normington, Arvilla Kraske, David Mewaldt, and Alfred Schill for their entertaining stunts. Light refreshments were served.

## Le Cercle Francais

Le Cercle Francais had several interesting meetings before Christmas and they are continuing the meetings this semesters. January 28 they had a very pleasant meeting at the home of Cora Mroz. The program was opened with a talk on Alsace-Lorraine by Dolores Skarwecki. A sketch "All's Well That Ends Well" was presented by Jane Taylor and Richard Rosebush. A duet by Jane Mahar Janet Palmer was enjoyed, and games and songs

closed the entertainment. Delightful refreshments were served by Dolores Skarwecki and Cora at the close of the meeting.

Lincoln High School

Wis. Rapids, Wis.

Jan. 30, 1932

Dear Fannie,

No matter how hard we find the situation, the situation must be faced. There is no denying the undeniable. For some reason or other this is leap year and there is really nothing we can do about it.

I'm going to take advantage of this fact to ask you a very grave question. For sometime, I have been pondering this question with very deep concern. It lies next to my heart; it gives me sleepless nights and restless days. I find I must ask you now for

you will understand me, in fact, I think you are the only one who does understand me. It is utterly impossible to wait until I see you to ask this question. I fully realize that I should wait until I see you, but alas it is impossible. I must ask it now.

Please contemplate much before answering, because if you don't it will be the ruination of both our lives.

I realize that you are wonderful. Study hard. Analyze the question and then answer: Do you ever think you'll be an "A" student?

Lots of love  
Me.

Miss Madsen: Did any of your family make a brilliant marriage? Mr. Ritchey: Ahem! Only my wife.

## Rapids High Starts Basketball Season

The Rapids basketball team tied their first game with Marshfield 11-11 after two nerve racking overtime periods.

The rule which pertains to such incidents of ties was declared unofficial because both teams had the same number of field goals. Another game will be arranged between Marshfield and Wisconsin Rapids if either team is disputed about first place for the valley championship.

The second game against Wausau spelled defeat by a score of 12-13 for the scrappy Rapids basketballers, after a successful rally by Wausau in the third and fourth quarters.

Although this game probably means much in the championship run, the Rapids have not given up hope of victory in the return game with Wausau.

## Merrill's High School Banking Average High

Merrill is placed on the Chicago Thrift Inc. honor roll which is published bi-monthly. They are on the top of the list. Two-thirds of the entire school bank. A thrift club has been organized and a Thrift Week program is being carried on. Merrill has risen from 49 to 75 per cent since school started.

Students are we going to let Merrill beat us? We beat them in football. Unfortunately we do not have them on our basketball schedule, but should we let them beat us in banking? Let's start a thrift campaign. How about it students?

## GIRL'S TOURNAMENT

The Girl's Athletic Association held its first tournament of a series of three to be held this winter with the Juniors coming out on top. This plucky team defeated the Seniors 8 to 10 the first game of the season and the Freshies put up a bold fight but were downed by the score of 5 to 10 by the Sophmores. The last game which was an easy battle resulted in the Juniors favor; the score being 19 to 4.

The second tournament will be held in the near future and the Seniors want to win in order to retain the Championship

again this year. Two tournaments must be won out of three to achieve this.

Agnes Haydock and Jane Paulson acted as referees.

## Rapids Win One Lose Two Games

The red and white basketballers won their first game 25 to 21 in a heated battle with Antigo. During this game thirty fouls were called; fifteen against each side. In the second game Stevens Point spelled defeat by the score of 17 to 13. The third game, being the third defeat for the Rapids, was the 21 to 15 score against the Marshfield squad.

## Rapids Hockey Team Wins Two, Loses One

Captain Marks and the Rapids hockey team now hold first place with Wausau. The Rapids puck chasers' first victory was a score of 7 to 0 over Marshfield. The second victim was Stevens Point with a score of 5 to 2. This game was played at the Lincoln High rink. In the third game against Wausau, the team met defeat with a score of 4 to 2.

When a particularly bright frosh Donna Draland, heard she was to have a physical exam, she complained indignantly, "Why, we haven't even started the course yet."

Phil DeGuere. "Will burying a black cat in a graveyard at midnight do away with warts?"

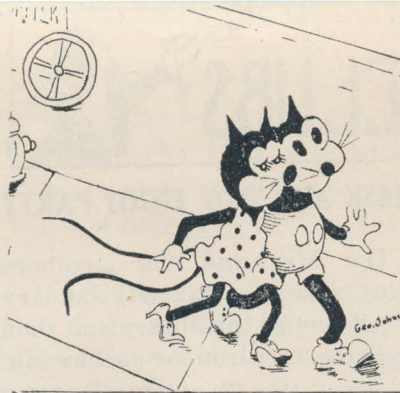

John Waters. "Yes if the warts are on the cat."

Mother — You must not hit little girls; you must always treat girls gently.

Robert Schill — I am sorry, mum, that our ideas of life don't coincide.

Mr. Bird. "Can you tell me the last words of Webster."

Kelly Nash — "Yes, sir, Zymotex, Zyrian, Zythem, and Zythepsary; They are from the 1930 edition."

## Etic "Cat"

When a young man escorts a young lady on the street where should he walk?

## Inquiring Reporter

What do you think constitutes a "good sport"?

A good sport is one who plays not for gain, but for sport...Margaret Ebsen (Freshman)

I consider a good sport a person who doesn't grumble when beaten; one who has consideration for his team; one who considers the opposing team...Vera Craig (Sophmore)

Things that constitute a good sport are clean playing, no late hours, and no grand stand playing. Besides this a player must be loyal to his coach and teammates; be a good loser as well as a good winner, and he must try hard...Jim Sampson (Junior)

An ideal sportsman is friendly to everyone. He is willing to go out of his way to do things for people. He is neither backward nor forward. A good sport will strive to get ahead in his school work and take part in extra-activities. If he is the loser he must take defeat with a smile and shake hands with his opponents. He will never give up until he conquers. A sportsman's pass-word is "try"; his theme song is "work" and his motto is "If at first you don't succeed, try, try, again..."-Cleone Nimitz (Senior)

When I think of a person as being a good sport, I think of one who is always ready to participate in any event or task that the group or person he is wants to do. It is easy enough to be a good sport doing the thing one likes to do. A good sport is unselfish and is always thinking of the other fellow. He is loyal to his friends and associates, he is not "two faced" nor afraid to stand by his own decision. Yet at the

same time he is willing what others have to say about the matter.—Miss Pederson

A good sport I believe has the following qualities:

- A good sport is friendly.
- A good sport has a sense of humor.
- A good sport is unselfish.
- A good sport is tactful.
- A good sport has a sense of fair play.
- A good sport is cooperative.
- A good sport is modest.
- A good sport is cheerful.
- A good sport is a gentleman.

—Coach Huber.
