Senior Class Play A Great Success

Thursday evening, April 14, in the field house, the curtain rose upon the charming living room of Mr. and Mrs. White who really were Howard Thomas and Vivian Staven. Their son, Ricky, and his fiancée, Ronny were a truly dashing young pair—Richard Rosebush and Marie Kahoun.

The Mr. Warren who "says the quaintest things" was well acted by Fritz Knudsen. Etta whose notions kept the audience highly amused was Jane Taylor. Etta's erstwhile gentleman friend was Geoffrey Nichols or Gene Fitch.

"You and I" was one of the best performances presented this year, and will keep up the well-earned reputation of the recent senior classes for their fine plays.

Appreciation of the splendid acting, directing, and of the beauty of the staging was heard from everyone who attended.

The play was directed by Miss Sophie Bill.

Parents and Teachers. Other speakers are: Miss Cornelia Van Kosy; Miss Stella V. Stillson; O. H. Plenzke, Assistant State Superintendent; Dr. Charlotte

Tourney City of 1932 Ready for Musicians

With a total of over eighty organizations from cities all over the state ranging from Milwaukee to Biron the state wide Wisconsin School Band and Orchestra Association tournament to be held here on May 6-7, gives promise of being one of the most interesting and valuable gatherings ever held in the history of the association.

Always picturesque because of the colorful uniforms, the vivacious and enthusiastic character of the thousands of youths, enjoying a gathering with their friends, reveling in a two-day get-together for serious competition and wholesome entertainment. The coming tournament here will take on even more significance because it will serve to mark the dedication of our marvelous new Lincoln High School and Field House recently completed at a cost of approximately \$750,000.

Plans of the tournament will in all probability, follow the arrangement now scheduled calling for the orchestra contests to be held in the forenoon of each day; a strong band program on Friday. (Continued on last page)

Tourney City of 1932 Ready for Musicians

(Continued from first page)
day afternoon and evening, May 6; additional concerts during the day on Saturday climaxing in a gigantic parade and marching contest onto Lincoln Field as official close to the greatest school band tournament in America.

Lincoln Field House will be the scene on Saturday evening, May 7, of the award of all prizes in the various competitions. This event is to be the grand finale of what is expected to be the most scientifically conducted of all annual state tournaments. While awaiting announcements of the awards an attractive program of solo-ensemble talent from leading school musicians from all over Wisconsin will be given, and there will be bands to give special short concerts. The Wisconsin Rapids High School band and the Waupun High School band will unite to form a hundred and sixty piece band to give a Sousa Memorial program. The students of all the respective schools will be arranged in the field house, in sections grouped to permit for organized cheering, both for the announcement of rewards and for unusual stunts which will be a point of this unique program.

It is the plan of the association, according to Mr. H. C. Wegner, the efficient and tireless secretary of the W. S. B. A. to arrange for three simultaneous programs during the tournament so that all competitions will be held before the grand parade and the marching events on Saturday afternoon.

On Friday evening various organizations of the city, the Elks, the Eagles and the Band Mother's will sponsor dances for the entertainment of the students.

If the coming tournament at Wisconsin Rapids is not a great success in every respect it will not be because the general committee in charge, and the people of the city have not done every thing in their power to make it the greatest event in the history of the Wisconsin School Band and Orchestra Association.

Egbert: Is it true, Mother, that the sheep is the dumbest of all animals?

Yes, my little lamb.

Victorious

We all have striven in battle
But we're just commencing the fight.

Oh, to peek through the hazy mantle,

To see if our future is bright.

On! On! And forever forward

Marches our classes—'32.

May we all be strong and stalwart,

Reflecting good with a golden hue.

When we have battled and conquered

And our life's work is nearly done,

Our Alma Mater's name we'll honour

Because the great battle we've won.

What one thing influenced you most during your high school career?

The one thing that influenced me most during my high school career was the benefit that I derived from my course in public speaking. This work I took during my sophomore year. From that time I made daily use of it.

Marie Kahoun

During the three years that I have attended this school, my chief aim has been to get all that I could from high school and at the same time not make a drudge of myself; to get the foundations of a variety of subjects so that my outlook on life would be as broad as possible.

Ronald Malzahn

I feel the sincere efforts of the Lincoln High School have been the greatest influence in my school career.

Kate Deigman

I believe that the study of German has influenced me most, for it has helped me to decide upon my future work.

Eloise Manske

That which influenced me most was the desire to participate in athletics, and at the same time, keep my grades at a high standard.

Donald Abel

The thing that influenced me most in my high school career was the example set for me by several upper classmen when I was a freshman and sophomore.

Seniors Receive Guidance Suggestions

Recently representatives from both Ripon and Lawrence Colleges have given instructive talks to the senior class. The substance of their talks was on the choosing of a vocation, and the advantages of a liberal education.

Principal A. A. Ritchay gave the seniors guidance suggestions in pamphlet form which they took home to talk over with their parents. The questionnaire accompanying these helps is to be filled out by each student and returned to Mr. Ritchay.

A big business man asked a college graduate: What qualifications have you for the job for which you are applying? "My A. B." said the young man. "Well the job will teach you the rest of the alphabet, said the magnate.
