

WISCONSIN RAPIDS CAPTURES POINT REGIONAL TOURNAMENT

DEFEAT MOSINEE IN REGIONAL FINALS 41-34

The Red Raiders won the regional tournament at Stevens Point Saturday night March 2 by defeating Mosinee 41-34 in the finals.

Wisconsin Rapids easily defeated Waupaca in the first round, 66-24. Bob Mader again starred for the local boys as he collected 22 points. The second team played a good share of the game.

Friday, the Red Raiders tripped their arch rival, Stevens Point, 36-32. Wittrock, with the help of his teammates, bottled up Jim Moore quite effectively, limiting the giant center to 13 points. Bill Passineau sank five baskets and one free throw to lead the Rapids' scoring. After getting off to a fast start, Mander's aggregation successfully upheld their lead. They stalled most of the fourth quarter and raised a great deal of protest from the Point fans.

In Saturday night's tussle a tired and determined team pulled through to victory. John Ritchay was high point man for the Rapids with 11 points.

Wisconsin Rapids continues tournament play this week-end here at the Rapids.

The composite box score for the Rapids:

	FG	FT	PF	TP
Ritchay, f	10	2	0	22
Knickerbocker, f	2	1	1	5
Gazeley, f	2	0	3	4
Passineau, f	12	6	4	30
Wittrock, c	8	3	4	19
Marvin, g	7	0	1	14
Showers, g	3	0	2	6
Mader, g	16	7	11	39
Klappa	1	0	2	2
Brewster	1	0	2	2
Totals	62	19	30	143

Gold Medal Goes To Earl Garber, Star Cornetist

The regular meeting of Gamma Sigma was held at the home of Teckla Jacobsen, Feb. 26. Elections were held to determine who would receive the three senior Gamma Sigma medals. Earl Garber is to receive the gold medal, and Phyllis Peterson and Don Sprise will each receive a silver medal.

After the business meeting, the group was entertained by Jean Wall and Elaine Rickman. A vocal solo by Betty Lou Gross, and a selection by the boys' quartet (The Four Cough Drops) Lawrence Bocaner, Donald Love, Bob Peck and Charles Manske completed the entertainment of the evening.

LINCOLN HONOR STUDENTS INCREASE IN NUMBER

At the end of the first semester 29 new names were added to the list of H students. The Freshmen continued to lead the three upper classes, but all classes showed an increase in the number of students who did H work. The students who earned this honor are:

Freshmen—Mary Ashbeck, Bonnie Bates, Zenas Bicket, Lawrence Bocaner, J. Bokros, Kathleen Cook, Keith Haferman, Joyce Hein, Kathryn Henke, Donna Hodge, Beverly Howard, Teckla Jacobsen, Ronald Johnson, Margie Ladwig, Ruth Minor, Susan Perling, Barbara Peters, Wayne Plzak, Don Randall, Geradline Rezin, Pat Sawyer, Alta Schmidt, Mary Lou Sheffer, Margaret Shipman, Francis Simonis, Carol Smith, Sue Tate, Nick VandenBerg, Marjorie Wilcox, Delores Witte, Neil Wittrock, Ken Yeager, Darlene Zange.

Sophomores — Marjorie Guenther, Walter Johnson, Margaret Polansky, Elaine Rickman, Donald Soe, Irene Thirkill, Joan Wilpolt,

(Continued on page 2)

DARLENE LANGLOIS CHOSEN BEST CITIZEN BY CLASSMATES

Will Vie for Trip To Capitol

One of the distinct features of each girl's graduation year is the giving of the D. A. R. award to the senior girl who is voted the best school citizen by her classmates. Lincoln High is one of 37 schools eligible for a draw which decides which school's candidate receives a trip to the nation's capital.

This year the well-deserved honor went to Darlene Langlois. "Toots", as she is known to all her many friends is the president of G. A. A. and has been active in the club throughout her four years of school. Her modest unassuming ways, coupled with her exceptional ability in sports have won for her the title, "G. A. A.'s Sticks Mader." At the end of her junior year she held all the awards it is possible to win in G.A.A. Good sportsmanship and never-die determination mark her attitude toward play. She is a perfect president as she has lived all the ideals of the Girl's Athletic Association. Not only a participant in sports but a loyal Rapids fan, Toots is a regular spectator during the football and basketball workouts.

Sports are not her only interest or ability, for the 1946 honor roll lists her name. Everyone who is a senior realizes that it takes plenty of hard work combined with gray matter to reach this goal.

The staff joins with her host of friends to wish Toots good luck and say, "We hope you go to Washington."

SCHOOL CALENDAR

- March 8, 9—Sectional Tournament here
- March 11 — District Forensic Contest here
- March 11 — Public Forum (Music Room)
- March 14, 15, 16—State Tournament at Madison
- March 25-29 — Spring Vacation

Frosh Shame Elders In Forensic Meet

Lincoln High held its annual forensic contest in the music room on the evening of Feb. 26.

In the humorous declamations Pat Nobles and Donna Hodge competed for top honors. Donna took first with her selection "Ever Since Eve."

On the more serious side of the contest was "Seeds of the Third World War" an oration given by Don Love and "Sixteen" a first place winner in the serious declamation field given by Jean Ann Hofschild. Also participating in serious declamation were Phyllis Koss and Mary Ellen La Vigne.

Donna Hodge, Jean Ann Hofschild and Don Love, winners of the local contest will enter the League Tournament to be held here Mar. 11. Winners there will go to the District Tournament at Stevens Point Mar. 22.

Judges for the evening were: Marguerite Kalele—Model School, June Weiler—Vocational School and Eleanor Boardman — Lincoln Jr. High.

Sectional Starts Friday

For the second consecutive year, the Wisconsin Rapids Red Raiders made their way into the sectional tournament. Let us hope that they do as well in this one, as they did at Marshfield last year. Besides the locals, the Fermanich-paced Antigo team, which finished third in the Wisconsin Valley Conference, and two district winners, Greenwood (not Green Timber, Miss Petersen) and Wittenberg will compete.

The tournament schedule:
Friday—
7:45—Antigo s. Wittenberg
9:00—Greenwood vs. Rapids
Saturday—
7:45—Losers of Friday's games
9:00—Winners of Friday's games.
(Note: The winner of the last game goes to Madison.)

Lights' Troubles

Since the publication schedule of Lincoln Lights has been delayed, this issue was printed commercially.

Lincoln Lights is again being printed this year at the Witter building after a lapse of two years. The linotype machine which has been idle for two years, has been causing us undue trouble. The fact that machines deteriorate without use has certainly been proven to the Lincoln Lights staff. Mr. Whydotski, the printing instructor, has spent a good part of his time fixing this machine. After one defect was corrected, something else would break. Besides the time put in by Mr. Whydotski on the machine, a mechanic from the Tribune has been called in several times. At times even the Trib mechanic was baffled by the exploits of the linotype.

Most of the work has had to be done by the printing teacher, since there were no experienced printing students. Mr. Whydotski has been breaking in new students to alleviate the extra burden.

In the previous issues many mistakes were made. Most of these were made by the aforementioned trouble maker. Since Mr. Whydotski couldn't do three, four, or five things at once, much time was necessary to print the paper. Rather than delay the issuing date further to correct the mistakes, we have passed by them.

The hopes for a better printed Lincoln Lights of the future are brighter. The linotype machine has been put back into use and should cause little more trouble. A staff of linotype operators and pressmen will have been organized. This will lessen the pinch of time. As you have probably noticed, the number of errors in the Lincoln Lights has been decreasing. Our goal for this year is to eliminate them completely.

DID YOU KNOW?

Have you ever wondered what is in those drawers next to the card catalogue? They contain pamphlets and clippings on many subjects—the new ideas or developments in plastics for instance. Try to use it the next time you want some "extra" information.

Do you like animal stories? Then you'll like Helen Orr Watson's new books, "Trooper-U. S. Army Dog" and "Shavetail Sam-U. S. Army Mule".

All of Stephen Leacock's sparkle and wit are caught in the final collection of his works . . . "Last Leaves".

For enjoyment and also for history extra-credit work, you might read "They Came From Sweden" by Clara Ingram Judson.

And for the girls who like books on acting, there are two new ones "Carol Plays Summer Stock" and "Carol on Broadway".

GREENIES ENTER SOCIETY

The freshmen party was held Friday, March 1st at 7:45 in the field house. Approximately one hundred and sixty freshmen attended.

The party started off with "Truth and Consequences" with Peter Bunde as chairman. On the program were: Jean Hofschild, tap dancing; Barbara Dutcher, a vocal "I'm Always Chasing Rainbows"; a quartet including Joan Cotterill, Beverly Howard, Bonnie Bates, and Teckla Jacobsen singing "Some Sunday Morning"; Dean Showers, Jerry Boyce, Jack Matthews, and Ronnie Johnson, a skit.

The grand march followed, led by the class officers and student council members. Dancing furnished the entertainment for the rest of the evening with music by records. Chairman of the record committee was Lawrence Bocaner.

Refreshments were served by a committee headed by Rita Boyarski.

Student Opinions

Dear Editor:

We think you are carrying this name peculiarity business a little too far. For instance, take the following; it is like some of the stuff you have been filling up space with: What if Dorothy's name were Aitch instead of Gee? Well, what if it were? We can't see where it would make a terrible lot of difference, except of course everyone calls her Gee, and they would all become hopelessly confused. Anyway, the point we are trying to make is that you are going way beyond reason with these name articles. So as to conclude this thing once and for all, we offer you the most geographical name we know. We are acquainted with a boy named Curt Merrill, who lives on Eau Claire Blvd. in Wausau.

(Signed)

Two Junior Boys

TO THE EDITOR:

The Faculty Talent Program was very good and certainly was appreciated by everyone, but only men appeared on the program. Why not have some of the women teachers participate, too? Do they lose their talent in music, or other forms of entertainment when they finish high school, or is it their inferiority complex?

(Signed)

Rita Middlecamp

Editor's Note: There are possibilities that such a program will be held sometime in the future.

OUR DREAM BOY "ELMER"

By ISIE + JOSIE Ink.

Above Suspicion •

Life is just one fool thing after another. Love is just two fool things after each other.

The signature is S. M. Hill. What does the M. stand for? Why, Manley, of course. (Ed. Note: It's a family name, not an adjective.)

He is a senior, six feet tall, has black curly hair and dark eyes. Looks like Clark Gable. He is a leading athlete. He owns a blue Packard roadster. He has no girl friend at present. He is a good spender and dancer. His personality is pleasing. Don't fool yourselves, girls, such a fellow doesn't exist. . .

Miss Moll: "Herb, are you fond of geometry?"

Herb Dittman: "Yes, I'm stuck on every problem."

Tom Koss glanced at the beautiful woman beside him, his look was heavy with anxiety and humble pleading, but she was unconscious of his appeal. For long moments he watched her, struggling with emotion, afraid to ask the question that trembled on his lips. At last he spoke wistfully, "Ma, can I have a little piece of pie that was left over from dinner?"

Can You Imagine:

Ira Boyce quiet?
Sticks playing with dolls?
Bob Gazeley without gum?
Betty LaVigne on time?
Bill Passineau without Shirley?

Dedicated to Mr. Hornigold and his sprouting chemists:

Sing a song of sulphur,
A beaker full of lime.
Four and twenty test tubes,
Breaking all the time.

When the hood is open

The fumes begin to reek.

Isn't this a (censored) mess

To have two times a week?

Barbara Peters: "Gosh, I must have insomnia. I can't sleep at night."

Darlene Zange: "Have you tried counting sheep?"

B. P.: "I've tried everything."

D.Z.: "I've got it! Just imagine you're in business practice!"

They walked down the lane together,

The sky was covered with stars.

They reached the gate in silence,

He lifted down the bars.

She neither smiled nor thanked him,

Because she knew not how.

For he was only a farmer's boy,

And she was a Jersey cow.

JUNIOR HIGH LIGHTS —

Students Become Active

A committee of five boys; Edward Jacobson, Dick Hornigold, "Chick" Samuelson, Wallace Plzak, and Bob McLendon visited the County Court House to find information on the county budget and taxes.

A committee of four girls; Betty Goggins, Nona Fritz, Barbara Pagel, and Marion Poulas visited the city hall to get information concerning the city budget and taxes.

Another committee of Marilyn Jacobs, Dick Hornigold, Don Erickson, Bob McLendon, and Charles Samuelson went through the Tribune plant and found out how the linotype was used in make up of a paper. They then went to the radio station and found how the teletype worked and how it is used in the radio station.

Sports Results

East Side Lutheran came back in the second half to win 27-20 over Lincoln. High scorers for Lincoln were Dick Warsinske and "Bulla" Gill.

A week later Lincoln defeated Biron 39-16. High scorers for Lincoln were Dick Jung and "Bulla" Gill.

DEBATE SEASON IS CONCLUDED

The debate team finished the season at a tournament held February 2 up Stevens Point way.

The affirmative team, composed of Charles Manske, Phyllis Peterson, and alternate Le Roy Abler, won one and dropped two debates.

The negative team, composed of Steve Hill, Jack Cole and alternate Ann Kingdon won two and lost one debate.

During the season the negative team won four and lost two. The affirmative team won two and dropped four.

Notes on Music

The choir, ensembles, and soloists are preparing for a spring music festival. A boys' quartet made their debut February 26 at Gamma Sigma and will be heard several times in the future. Bob Peck sings first tenor; Don Love, second tenor; Charles Manske, baritone; and Lawrence Bocaner is the bass. A girls' sextet has been organized and they will participate in the festival. They are Elaine Rickman, Janet Hagerstrom, Beverly Howard, Dorothy Meyer, Gloria Zastava, and Dolores Rosenthal.

BATTING THE BREEZE

Attention, boys! Mr. Miracle desires to employ about ten boys to sing both bass and tenor in the sixth hour choir. A bonus, a trip to the music contest, will be given in the spring if you join. Hurry up and join before the chance passes by.

If you happen to go to the field house sixth period, you'll find Mr. Ritchay slaving away at ping-pong. He always says it's the first time he has ever played. When he serves, he crouches on the floor, ready to pounce on his victim. What's the score, Mr. Ritchay?

I was talking to some fellows about the dancing situation. They tell me that the reason the boys won't dance is because they're bashful and the music is too fast, but if their gals would teach them how, everything would be fine and dandy.

Have you heard "Flutterbump" Como's "You Won't Be Satisfied"? On the other side of the wax is "I'm Always Chasing Rainbows." Perry's recordings are the latest number one hit sensation on the juke boxes.

Speaking of hits, do you know what the newest fad is with the Omaha school girls? They take the Christmas ties that their fathers won't wear and use them for hair ribbons, tied together in four-in-hand style or with a square or granny knot. Also they are printing "Hubba" on plain colored bands and are wearing them as ribbons. They are really alreect.

Have any of you speared fish in the dead of winter. "If you haven't, you've missed half of your life," says Mrs. Kumm. She states it is truly an experience and is loads of fun.

If you girls would like an entirely new line of cosmetics, you may inquire about the Lincoln High chemists who have made powder, lipstick, and spirits of spring. They haven't a name for their wares, so why don't you suggest a few to them.

Mr. Miracle has some talent at playing ping-pong too, for he wins most of his games. Some of you ping-pong players who are pretty good might challenge him to a game. Someone might beat him yet.

One senior boy claims his girl is a chemist—when he dates her, she changes his silver into copper.

Well, we're off to the coke dock.

Music Groups Delve Into Popular Field

Gone are the days when bands played only marches and orchestras played nothing but symphonies. At present our own school music groups are delving into the field of popular and swing music. The band is "woodshedding" on such numbers as "Gremlins Ball" and "Bad Boy Boogie". The orchestra is practicing on "Begin the Beguine", "Song of India", and "Little Brown Jug".

Hence, if at some future date you are listening to the band or orchestra, whether it be at a basketball game, concert or assembly, don't be overly alarmed if our budding Dorseys, Goodmans, James "send" you with some "solid jive."

Spoon at Noon

Our cafeteria is at noon a most interesting place with approximately 150 mouths going up and down at the same time, usually serving two purposes. Altogether about 200 hungry people rush to this haven of heavenly aromas every noon to cure their growling stomachs. Of these 200, about half carry their lunch and half buy theirs.

Of course, there are troubles in eating like everything else. It's quite a surprise to be jolted out of a pleasant reverie by an eyeful of orange juice. And it's just maddening the way that little white "No Sale" slip has a habit of disappearing.

SOMETHING NEW WILL BE ADDED

For the first time in the history of Lincoln Lights, the staff has decided to present the readers with pin-up pictures. No, we haven't added Varga or Petty to our staff, but we believe that we can do almost as well. Below this article you will find two spaces. On one put the name of your favorite pin-up girl in this school, and on the other that of your favorite pin-up boy. The staff will tabulate the results, and in the next issue you can expect to find the pictures.

compete.

The tournament schedule:

Friday—

7:45—Antigo s. Wittenberg

9:00—Greenwood vs. Rapids

Saturday—

7:45—Losers of Friday's games

9:00—Winners of Friday's games.

(Note: The winner of the last game goes to Madison.)

RAPIDS TIPS POINT, 41-39

Win, Lose, or Draw

The regular 1945-1946 basketball season has come to an end at last. It was a very successful season for Wisconsin Rapids. The Varsity, B, and Freshmen teams won 28 games and lost 6.

THE VARSITY

The Varsity finished the season with a record of 13 victories and 3 defeats. The defeats were administered by Madison West, Stevens Point, and La Crosse Central. The Red Raiders won a share of their first Valley Conference Championship. The individual scoring record of the Rapids (unofficial) follows:

Player	F.G.	F.T.	T.P.
Mader	78	62	218
Ritchay	77	28	182
Marvin	38	11	87
Passineau	33	19	85
Wittrock	29	12	70
Gazeley	18	6	42
Showers	16	4	36
Knickerbocker	11	12	34
Herman	4	2	10
Thompson	1	3	5
Klappa	1	..	2
Robenolt	..	1	1

THE B SQUAD

After getting off to a poor start, Dale Rheel's cagers finished the season with eight straight triumphs for a record of 8 wins and 3 losses. The B squad lost three close games by the margins of one and two points to Antigo, Merrill, and Wausau. Their victims included Wausau, Stevens Point, Pittsville, Marshfield, and Nekoosa.

THE FRESHMEN TEAM

The best record compiled by any of our athletic teams belongs to Tory's "greenhorns". They won 7 straight games without a set back. The Freshmen defeated Nekoosa, Marshfield, and Stevens Point quite decisively.

LINCOLN FACULTY WINS

VOLLEY-BALL GAME

After the smoke of battle had cleared away from the scene of the volley ball game between the men faculty members and students Feb.

GAA NEWS

The seniors have done it again—this time in basketball. This means that they have not been defeated by a class team in any sport this year. They gained the championship in basketball by defeating the Freshmen 34-4; the Sophomores, 28-6; and the Juniors, 38-6. High scorers for the class teams were: Delores Newman, senior, 35 points for the three games; Beverly Gillis, junior, 21 points; Alice Harmsen, sophomore, 12 points, and Margaret Ladwig, Freshmen, 11 points. High individual scorer for one game for the class games was Denise Simonis with 16 points.

In the other basketball games played in GAA this year, the Bears were champs. Led by "Toots" Langlois, they won all their games. "Toots" was also high scorer for individual games throughout the basketball season with 32 points.

Playoffs are being made in ping pong and badminton. The results of which will be announced in the next issue of Lincoln Lights.

The senior girls are still waiting for the women faculty's return match in volleyball. The seniors, as you know, defeated the strong faculty team in the first match.

A group of Lincoln High students played a game of basketball and one of volleyball with some alumni members and divided the wins. The alumni won the basketball game, and the GAA girls won the volleyball contest.

BOXING SEASON ENDS

With the final bouts now over, the boxing season ended. The 56 entries out for boxing provided plenty of entertainment for the school. The battered champions deserve a lot of credit for their work, spirit, and ability. The champions in the Junior Division are as follows:

- 92 lbs.—Laverne Petta
 - 100 lbs.—George Hafermann
 - 108 lbs.—Wm. Barton
 - 116 lbs.—Jerry Ellis
 - 124 lbs.—Ben Moore
 - 132 lbs.—Wilbert Heineck
 - 140 lbs.—Robert Schindler
 - 164 lbs.—Everett Henke
 - 170 lbs.—Art Oberbeck
- In the Senior Division:
- 100 lbs.—Richard Haferman
 - 124 lbs.—Art Bodette
 - 132 lbs.—Don Schacht
 - 140 lbs.—Edward Feith
 - 148 lbs.—Maurice Mathews
 - 156 lbs.—George Burt
 - 164 lbs.—Bernard Schmick

WISCONSIN VALLEY FINAL

Wausau	7	5	.632
Merrill	4	8	.333
Rhineland	4	8	.333
Nekoosa	3	9	.250
Marshfield	3	9	.250
Tomahawk	2	10	.167

Locker Room Trivia

Our principal has taken great pride recently in claiming that he is the calmest basketball spectator in seventeen counties. To refute this statement we present the following poem, which tells of the post conversion needs and wants of the Ritchay family:

Jane wants three dozen nylons,
John a '46 coupe.
'Nother game with the Point,
And Pa'll need a new toupee.

Some girls seem to think that none of the boys in the school ever want to dance. Something we saw down at Nekoosa a few weeks ago makes us think that they're wrong. Paul Johnson had just returned from a lunch, and at the time appeared about ready to board the Rapids-bound bus. Finding out that there were to be a few minutes in the interim, he said to a companion: "Let's find some girls and get in a couple of dances."

The startled friend surveyed Paul, pointed to his galoshes and gasped, "In those?" Since the visiting locker room was then locked, Johnson was unable to find a parking space for the superfluous footwear, hence no dancing. Anyway girls, he tried!

Overheard in the halls recently: (John Ritchay is speaking to clairvoyant Darrel Sandman, who guessed the outcome of the second Point game.) "Next time you predict the results of a Point game, Sandy, give us a little bigger margin, please."

Our staff mathematician has figured out that if Don Soe improves as much in the remaining three years of his high school track career, as he did in the first, he will then be able to run the half-mile in the phenomenal time of 0:56.8. Personally, we don't think he can do it, but you can never tell about those Scandinavians.

Rapids Shares First Modern Cage Crown

The Rapids Red Raiders in their last Valley Conference tilt came through with a smashing finish to defeat the Point Panthers 41-39. Yes, the 2,500 cheering fans really got their money's worth Feb. 21. Even though our Rapids squad was ahead at the end of each quarter except the first, they had to show their fight many times to overcome Point leads. It was anyone's game until the last.

The baskets really took a beating as field goals and free throws whipped through the nets. High point man for the game was Point's lanky center, Jim Moore with 19 points. Close behind him came two well known Rapids players, Ritchay with 18 counters and Mader with 11 points. "Sticks" Mader was really good on his free throws as he converted seven out of his eight chances into needed points.

Excellent work was done by the whole team and very noticeable was the work of Wittrock and Passineau in stopping Moore under the basket. Marvin also formed one of the links to victory as he helped to provide the necessary ball handling and all around playing.

Wittrock, Gazeley and Mader were forced out of the battle by the five foul rule after doing more than their share to beat Point.

Dale Showers came in for a time in the last quarter for Mader. Receiving the ball near the Point basket, he got set for a long one and sent it through the loop to put us again in the running. Right after Shower's basket came one by Passineau and one by Ritchay to win the game.

The last winning bucket by Ritchay did look a little tough to do and it appeared that John was just as surprised as the rest of us to see it go through.
