SENIORS' "YES AND NO" READY FOR THE PUBLIC MAY 24 & 25

Just four more days before we'll have a chance to enjoy the senior class production, Kenneth Horne's "Yes and No". With a matinee for grade school students Monday afternoon, the play will be finally staged Tuesday and Wednesday evenings, May 24 and 25. Student admission is 25¢. The play will begin at 8 p.m., and anyone arriving after that time will not be admitted until the end of the first scene.

We can expect the Rev. Jarrow home to be in a state of confusion every minute with PETER BUNDE in the role of the absentminded father, BARBARA PETERS as the worried, disorganized mother and DORIS WIRTZ, the complaining housekeeper. The interesting daughters are SALLY TEAS, tho musical (?) young sister, and CAROL COLE, the budding actress. Then there is JERRY KNUTH, the marriage minded young chap, and BILL STRICKLAND, the impetuous young curate.

Was the answer Yes? No? Maybe both? For an evening of sheer enjoyment plan to see this senior class play.

LINCOLN LIGHTS

Published bi-weekly by the students of Lincoln high school Wisconsin Rapids, Wisconsin

Everyone's interest and participation in government is necessary in true democracy. Our officers and council members places the responsibility of choice of nominees on the entire student body.

Students can have an interest in government as surely as an interest in athletics, music or dramatics. Is it so much worse to offer one's own name for nomination for office then to try out for a part in a play or to "go out" for the football or the basketball team?

Whether by self-nomination or by petition, choose wisely these people who are to represent you and your class. Any organization is only as good as its leaders. Miss Nairn

SYMPATHY NOTE

To Bror Worlund, the students and faculty of Lincoln nigh school wish to express their sincere sympathy at the death of his father.

POP CONCERT WELL RECEIVED

Again the band, choir and orchestra collaborated Wednesday evening to present an annual pop concert before a very receptive audience. Mr. Hornig, Miss Bruggemann, Mr. Liska and their groups are to be commended for an excellent program.

Special recognition goes to David Denniston and Donna Braeger, featured soloists of the orchestra and band respectively, as well as to Earl Anderson and Leroy Bates, vocal soloists.

Congratulations to Bill Barton, who received the annual Trees For Tomorrow scholarship of \$500 which admits him to any accredited school of forestry. There are many departments in Lincoln high school that receive very little recognition because the students do not realize all the hard work that goes into making the department effecient and resourceful.

The library is a good example of this fact. Under the capable supervision of Miss Pedersen and her staff of assistants, the library has become, not only one of the best departments in this school, but one of the best in the state. Yet, how many of us take full advantage of all it has to offer?

Did you ever think of the amount of work it takes to keep a library of 14,000 books running in perfect order? There is all the detailed work of filing new books, repairing damaged ones, keeping the shelves in proper order, making out new cards, and countless other jobs. The li-brary staff is only too glad to do these tasks, but they would appreciate the students' returning their books at the proper time. Making out overdue slips requires much more effort than the fines can ever pay.

The many books in the library contain everything from fiction to Socialism in the Middle Ages, to theories on the origins of man. Anyone can go into the library and in a very short time find the necessary reference material for almost any subject he chooses.

Let's use all of the library's facilities, and at the same time cooperate with the staff, making a better library for everyone concerned.

A WORD OF THANKS

The staff of Lincoln Lights wishes to take this opportunity to extend their heartiest thanks to Miss Neale and the advanced typing classes for the amount of work they have done this year for Lincoln Lights. Without their very capable assistance, the paper would have been much harder to publish.

This week we bring you a commercial student, Margie Ladwig. You remember, of course, that pert, auburn-haired Margie was voted the best looking girl in the senior class.

Being very musically inclined she is a member of band and orchestra; playing the clarinet in both.

An active member of Dramatic Club, Margie is now a prompter for the senior play, "Yes and No." Also active in G.A.A. she is in love withsports especially tennis, swimming, and softball.

If the White Sox need a short stop this summer, Margie could fill the position well as she plays on the girls'city softball team which plays other organized teams such as Stevens Point, Wausau, and Nekoosa.

Of course Margie has a list of favorites too. Along with foods strawberry shortcake, and pork chops; the color, blue; and the novel, "Three Came Home"; the movie, "Johnny Belinda," captivated Margie's heart too. A hobby of hers is the care of cats.

Having always lived in Wisconsin Rapids, she attended the East Side Luthern School. Margie's plans for the future are not too definite yet, she just states that she "does love to type."

Whatever you choose, Margie, our good luck and wishes go with you.

BORROWED BUNK HA HO

An Easterner was out with his pals in the West one night when he happened, to note the time. "Gollee", he exclaimed."I thought it was a lot more than just twolve o'clock!"

His western buddy looked at him with surprise and retorted, "Out here, brother, it don't get no later. When it gets past 12 it starts all over o'clock again!"

While at a party one night, a bachelor found the girl of his dreams. After telling her all evening of his passionate love for her he asked if he could have the pleasure of ercorting her home, to which she silently consented.

All the way home the man told the lovely blond how beautiful she was and that he was sure she was meant for him. Upon arrival at the door she asked if he'd like to step in a minute, whereupon, she opened the door which revealed a dead horse lying on the living room floor.

Noting the astonishment on his face the luscious blond said soothingly, "I didn't say I was neat!"

As Joe was walking up and down his beathe noticed a tramp leaning against a prominent business building and exclaimed, "Hey, what do you think you're doing?! Holding the building up?"

Whereupon, the tramp walked away and the building fell down.

HI BOURHE NICKNAMES

You've probably heard some queer nicknames around school, and wondered where they came from. H, We'll give you a little dope on fiscan some heard most frequent. There's h

"Gus" Kruger----We couldn't discover where she got it, but do you suppose there's a male connected with it?

There's also Spade Benkowski. CH Some thought they called him that because his hair was black as S the Ace of Spades, but the sal Hy reason is that Dave used to have a mania for Spade Cooley's records. In fact he'd play them all Saturday afternoon. Hence, ' 1s tag. And then there's Frenchy Bachtle. Just look at that figure and you will see how Ruthie HE gained that title.

Next is "Face" Fahrner, who lo inherited the alias from his big brother. And there's Bernie Ziegler, who in reality is just a chip off the old block.

Doubtless, you've i heard of Towhead Billmeyer, who got his nickname because he was the only blonde on the first string fremman football team. You've heard of Flip Jung, too. We have'nt discovered if it's short for have'nt H Phillip or for his tongue.

There's also a lot of nick-D names which are quite obvious, or which have no reason behind them, such as:

Hawkshaw Karloske, Beans Whitrock, Boozle Bain, Sam Turner, Bones Lee, Eagle Enerson, Lom Ellis, Pops Parmeter, Squeaky Bachtle, Ping Wenzlaff, Augie Bunde, Bulla and Buck Gill, Mish Goggins, Stovie Novak, Rosie Rosenthal, Deisel Kuehl, or Hanky Matthewson. *****

The Raiders were unable to score Showers came afterwards and through in the pinch, holding Point to three runs.

Well, things are genking right smartly in GAA as each. of the scheduled sports for this year have been played. At the moment archery is in progress, with Natalie Hanneman the head of this sport.

At the Point Play Day last Saturday, May 14, IO. girls represented LHS. In the morning, they registered from 9 until 9:30. Basketball, volleyball, and softball completed the morning's festivities. Just at noon several relays of every type of contortion were run. These were responsible for aching arms and backs the following day. After a fine dinner in the college dormittory, a general session was held at which two professional table-tennis players demonstrated their skill. At 2:30, the frolic was adjourned after E. presentation of ribbons to the individual team having the largest number of points. The team who won this honor claimed Barbara Jacobson from Rapids as a member. Their total number of points for the day was 136.

As the end of the school year dawns near, many GAA members who are short a few points in order to win their letter, pin or emblem, are busily hiking, biking and playing tennis for extra points. For you mon_GAA members, 500 points earns you an emblem, 1000 points a GAA pin, and 1500 points gives you a letter.

Booster Club News

As most students have noticed the Booster Club has been forming different clubs under its one constitution. Among these are the Tennis, Golf, and Bowling clubs. This gives to the students who do not have the ability or time to make the school teams, a chance to show that they too can play the game and do a good job of it.

The membership of the club at the present time is around 180,

with most of the 180 being ætive members. Booster club has also opened the doar to girls, which accounts for the increased membership.

Booster Club plans for next year are to form basketball, football, baseball, vollyball, handball, table tennis, tennis, bowling, golf and swimming teams. These teams will have scheduled games or meets with out of town schools.
