Club of The Week

Gamma Sigma

This week the honor of being "the club of the week" goes to the oldest club in school, Gamma Sigma.

Gamma Sigma is a musical organization, and it is headed by Miss Bradford.

To become a member of Gamma you must play or sing a solo before the board of judges, and after you get in you must play two solos a year.

Gamma Sigma gives one Gold medal a year to the best musician in the club and two silver ones, one for each of the next best. The person that wins the gold medal plays for graduation and the two silver medal winners play for class night.

I wasn't quite sure if Gamma Sigma was the oldest club in school or not so I went to Miss Bradford. There didn't seem to

be any doubt in her mind because she said, "To be sure, to be sure." She also told me that Zona Lue and Adele Trigor, both of whom were old Gamma Sigma members are now touring with the "Wisconsin Symphony Orchestra."

Let's all give the Gamma Sigma a big hand for the work it's doing.

Architects Made Our School Outstanding

Our school is considered one of the best schools in the state of Wisconsin and when we look about us will surely realize why.

Our rooms are well ventilated and lighted. The seats are roomy and the aisles spacious. The blinds at the windows regulate the glare of the sunshine, and in the typing room the typewriters are of the best and newest models.

As we enter the music room we are greeted by the statue of the Muse of Music who stands in the back of the room. The room itself is done in gold and blue to suggest soft and heavenly voices. The seats are shaped downward so that the person in the very last seat can clearly see the well situated stage.

The cafeteria is a pleasant sunny room and the food served there is plentiful and healthful. The tables are arranged for the comfort of all.

The beautiful field house of Lincoln High is considered the second best in Wisconsin and has a seating capacity of 4,000. The stage is large and roomy and very well equipped. The indoor track is a great asset and is one-half of a mile in circumference.

The library is well stocked with interesting and educational books. Magazines are furnished for enjoyment and the library itself is used as a place of study during school hours.

GIRLS START SURVEY

The annual dental survey is now under way. The Freshman, Sophomore, and Health class girls began about two weeks ago and the Juniors and Seniors began Tuesday. These classes are divided into squads and will compete to see which group will finish first.

GUESS WHO?

She has blonde hair and blue eyes. (That's nothing, a lot of 'em do too.) Has been initiated this year in the Pep club and Thalian. Her favorite subject in high school is geometry. She is rather slow in action. She is called "Horsy" this year. P. S. She doesn't like the name. Can you blame her?

* * * *

He is a decided beanpole bruinette and likes to teach algebra. His room is on the third floor. He has been but recently transferred from the Medford high school. He likes our school better for there are more boys and girls to look at.

A boy who has been born in Wisconsin Rapids and spent a few years in England. He is now back and is a sophomore in our high school. Has dark hair and blue eyes. Every time he writes a letter he says, "I have to close now, for it is time for tea."

Plans Announced For Hockey Season

Probably the hockey season is a ways off but I think we'd all like to know what the future will be.

Coach Torresani seems to think the prospects are pretty bright. We have seven returning lettermen, namely: Pagels, Kulinski, McKain, Michaelson, Herman, Webb and Nelson. A new man, who Tory thinks is going to be a good player, is Roger Burmeister. The schedule for Rapids is as follows.

Jan. 6	Stevens Point	Here
Jan. 13	Waupaca	There
Jan. 15	Wausau	Here
Jan. 20	Medford	There
Jan. 22	Marshfield	Here
Jan. 27	Stevens Point	There
Feb. 3	Waupaca	Here
Feb. 10	Wausau	There
Feb. 12	Medford	Here
Feb. 17	Marshfield	There

Wausau has the strongest team and they've had sixty-seven consecutive wins. Rapids is going to try and break their winning schedule.

The team's manager for this year is Johnny Sayles.

Well, there's the inside dope. It sounds as though we ought to have a fine team this year.

EDITORIAL

SOMETHING TO THINK ABOUT

Do you believe in this?

The only way to be rid of worry about the things we have **NOT** done is to **DO** them.

PLAYS - - -

Ladies and Gentlemen! We present to you those rivals of the stage in two of the greatest shows of the entire dramatic program. In this corner we have Mask and Wig, and in this corner Thalian.

There's the bell! Thalian leads with a December ninth performance. Mask and Wig follows with a December sixteenth show. There is plenty of action on the Music Room stage.

But don't let us tell you. You'll have to see the presentations your selves to judge the winner. Both organizations have spent a great deal of time practicing and rehearsing. Both will be interesting and entertaining. A number of plays will be presented at each evening's production.

How To Die Young

1. Always drive fast out of alleys. You might hit a policeman. There's no telling.
2. Always race with locomotives to crossings. Engineers like it. It breaks the monotony of their jobs.
3. Always pass the car ahead on curves or turns. Don't use your horn because it might unnerve the other fellow and cause him to turn out to far.
4. Demand half of the road--the middle half. Insist on your rights.
5. Always lock your brakes when skidding. It makes the job more artistic.
6. Always drive close to pedestrians in wet weather. Dry cleaners will erect a monument to your memory.
7. Never sound your horn on the road. Save it until late at night for a door bell. Few homes have guns.
8. Always try to pass cars on hills. It shows your bus has more power. You can always turn around somewhere if you meet a car at the top.
9. Take the shortest route around blind left-hand turns. The other fellow can take care of himself if you can.
10. Never look around when you back up. There's never anything behind your automobile.

Hard-Court Battles Begin, Red Raiders Rout Ripon

Rapids Host to Tomahawk High School Cagers Tonight For First Conference Tilt

The basket ball season for the Raiders is off to a flying start. Vet Holmes has been elected captain of the 24 boys who are still out and haven't been cut: Bill Gross, Don Peterson, George Schmidt, Herb Zuege, Jack Fischer, Bob Reeves, Carl Bathke, Jim Fahrner, Don Ebbe, Bruce Barton, Bob Rowland, Frank Johnson, Jim Prebbanow, Vet Holmes, Cal Rodigher, John Kuenn, Frances Mathews, Bill Ruesch, Jim McCourt, John Benkowski, Bill Huffman, George Prusynski, Bob Prusynski, Joe Kwasiogoch.

This line up is not in any special order, merely just as the names were recieved.

The managers are Tarz Barette and Bob Gross.

Every night at practice there is a big crowd of spectators watching the steady improvement that is taking place.

Now for a few of the comments that the people who are observing the team are making:

Torry says, "I think that Carl is working with a bunch of fellows who really want to play basketball."

Mr. Hemp says, "Lincoln High School has always had fine basketball teams since I've been here, and I don't believe this year will be an exception."

Supt. Smith says, "They are going to turn out to be a very good team."

Irv Karnatz says, "They are going to be a very fast team."

Harry Karnatze says, "We're going to stick with them through thick and thin."

Now in the younger group we have these: Chick Samuelson says, "They are going to be a very fast and smart team. "He also says that Vet is a very good captain.

Bill Klandrud, the carrot-topped assistant to the coach, says, "The team sure looks swell to me."

Miss Mo'l: If you put a mamma duck and five little ducks in a box and shake them, what do you have?

Georgia: A box of quackers.

Conference Standings

	W	L	Pct.
Antigo	1	0	1.000
Nekoosa	1	0	1.000
Stevens Point	1	0	1.000
Wisconsin Rapids	0	0	.000
Rhinclander	0	0	.000
Wausau	0	0	.000
Marshfield	0	1	.000
Merril	0	1	.000
Tomahawk	0	1	.000

In beating Ripon High in a non-conference game last Friday, 42-20, the Red Raiders showed up very favorably. Considering this, and with another week of practice behind them, they ought to be able to do well against Tomahawk tonight.

Other than a rather low foul throw average, our boys displayed no glaring faults. Captain Holmes demonstrated the same scoring ability he possessed last year, and all the boys on the starting line-up showed great possibilities. They undoubtedly will all be prominent during the coming conference season.

The Tomahawk cagers finished ahead of us last year, but our chances are shown by the fact that they were beaten by Stevens Point last week, 27-25.

The Pointers are starting off well, by the way, having crushed

Wittenberg in a non-conference game two weeks ago and then tripping Tomohawk in their first conference game last week

Other conference games played last week resulted as follows: Nekoosa 27, Merrill 23, and Antigo 29, Marshfield 13. The season will get completely under way tonight and we seem to be able to expect very satisfactory standings for Lincoln High School at the end of the season.

JUNIOR HIGH LINCONITE PROSPECTS ARE GOOD

Basketball for the Junior High School got off to a good start last week. A large group turned out Tuesday for practice on the stage after school. Prospects for a good season look bright, but much work must be done.

Veterans on the squad are Wayne Preston, Bill and Jack Lockwood, Frank Gill, and Cliff Thompson who saw some action in last year's City Grade School League.

Other 8th graders out to make the team are Bill Nelson, Bill Schriener, Don Vanderhie, Dick Acott, Ellwood Chaplin, Bill Galganski, Earle Garber, Clarence Marcoux, Kenneth Mask, and Donald Sprise.

A few seventh graders have turned out for practice and if enough show up to form a team we will hear more about them at a later date.

F. Atwood Leads Girls Bowling

Girls bowling this year started off for the first time last Wednesday, from now on the girls will be bowling every Wednesday night after school on two shifts. The first one starting as soon after 4:00 as possible. The second shift starting at 5:00. The second shift makes it convenient for those who belong to Girls Glee Club.

So far there have been 118 girls who have signed up, with 75 permits brought to Miss Cobligh. These permits are brought from the parents, saying that the girls may bowl. All girls may bowl until they disobey the rules of behavior and conduct.

This weeks highest score was 171, bowled by Fayette Atwood.

Lincoln High School Athletic Awards Vary

Contrary to the ideas of many of our students, there is a definite plan as to the kind of a letter you receive when you qualify in one of Lincoln High School's sports.

A football player who is in at least 8 quarters of conference play receives a red 6-inch letter.

In basketball the letters are also 6 inches high, but are white to distinguish them from those earned in football. These letters are given for 12 conference quarters or for playing in the state tournament. (Formerly all class A basketball teams automatically went to the state, but now they must win in the district first.)

Because hockey and track are only minor sports, the letters given for them are only 5 inches high. A white hockey letter is given to a boy who plays in 8 conference periods, and the red track letters are recieved by those boys who have earned a total of at least ten points.

Only one stripe is intended for each letter recieved. Occasionally, however, a sophomore or junior letterman will buy a two stripe sweater, planning to earn another letter the following year. This is wrong, because he may somehow fail to receive one the next year.

The white GAA letters, which are smaller than those of the boys, are given to girls who earn a total of at least 1500 points.

Miss Mathison New Gym Assistant

This week we are featuring Miss Madaline Mathison, Miss Co-

bligh's physical educational assistant.

Miss Mathison attended the La Crosse State Teachers College for four years, and received her B. S. degree.

This last summer she was life guard at a swimming pool in La Crosse. She specializes in tennis and dancing. Miss Mathison likes tap dancing, and she plans to have the girls in her Tuesday and Thursday sixth hour gym class learn it.

She is supervisor of all the Physical Education in the public schools of this city.

"Maddy" has a Maroon 41 Chevrolet, which takes her from her present residence at fourth St. S. in Wisconsin Rapids, to her home town in La Crosse as well as to many other spots of interest in the state.

Dear Reader,

Guess what! I just received a special notice. ... Betty Frank and D. Rude are having a pretty good time from the way it looks. We might say they've got "Heaven on earth." — But that isn't all. ... Lois Goggins is really "Rushing" it lately too!

Some people say "a little competition is good for anyone." Well Joyce H. is having her share, isn't she? ... Jim and Shirley! — But some people take it too hard, don't they? — Jackie H. and Gray N. are drifting apart.

You know M. Stark and T. Yeager's names go well together. We're wondering if they do too. Do you know why J. Gill gets the car at night now? Well, just ask K. Peltz

"E. Benkowski wore a tuxedo at a school dance" just came to me by wire this afternoon. The telegram also stated, "maybe S. Johns could tell us why."

Surprise! Zip Reeves gave Rita King a bouquet of flowers for her birthday. — It SMELLS like a romance to us. Also added attraction. ... Pauline Bonow is still thick with "Gay" at camp. She says she really means everything too! We wonder if it is just another puppy love affair or ... the real McCoy?

Funny, isn't it. ... I mean we all know that C. Leonard and D. Turbin are "that way," but he is a little bit, shall we say, "shy" about escorting her home.

Fresh news: Betty B. and J. Kurz are seen together quite a bit in the cafeteria. These Frosh aren't so slow, are they? Who is it that escorts R. Becker every noon? G. — doesn't take the long way home for nothing. Could she be looking for someone? ???

Joey-Boy Drags A Bag

After a near disastrous date last week, Joey-Boy has decided to extend the olive branch (make up) to his skirt (girl). so he made connections with (telephoned) her about eleven after the hour. She doesn't mind the late call when he explains that he had a date with the fang-wrencher (dentist).

"How about perching in the peanut gallery (balcony) at the cinema (shoe)? They are featuring "I Was Born or It Could Happen To Anyone, with Park Gable and Necky Lamarr sparking the attack (Expounding their acting ability) in a passionate three-reeler (movie)."

He arrives at her abode (home)

The noon-hour rush in Lincoln High is truly a wild sight to see. Kicks and pushes, bumps and breaks, no-one seems to care.

Everyone is pushing and shoving and trying desperately to keep just one step ahead of the fellow behind him.

Why bother, says he, how many feet you step on or how many ribs you break, so long as "you" get where you plan on going and be there first.

This is no slam to anyone in particular, but just honest-to-goodness truth, as seen by many person in our halls. This is seen especially in the cubby-holes where there is hardly room enough to put your coat on and get out in time to avoid the oncoming stampede.

Every student should stop and think of the other fellows safety, for if you are the type that was just described, you will most likely be the first person to make a fuss if you yourself are hit.

Phyllis W. won't have to waste gas to drive to Marshfield. Joyce K. likes to go to Nekoosa, but Connie'll go anywhere if she can ride in a black Olds. Other girls interested in Nekoosa are:

Mary F. and Marian F.

Well, Clark, have you made up your mind yet? Is it Betty R. or Irene J.? And, I say there, what happened to the Haza-Walters romance?

Dick K. is often seen around Helen K.'s locker. How are you coming along? Remember those old stand-by's from last year, Clara P.? — and Howard K.? Have they patched it up yet? Oh well, the course of true love never did run smooth.

Well, guess the maximum limit of "dirt" has been reached.

FOOD FOR THOUGHT

COOPERATION IN CLASSROOM

As a courtesy to the teachers, it is each and every student's duty to give his fullest cooperation. When the teacher is giving assignments, instead of talking to our neighbor, gazing out the window or thinking about that "big" date tonight, all of us should listen to the assignments so the teacher won't have to repeat it once or twice for our benefit.

When the teacher asks to have it quiet, each student should do his part by being quiet. The students, who usually are the trouble makers, "will follow suit."

If the teacher gives the class an assignment to be handed in the next day, it is the students duty to get the assignment in at the appointed time. It causes the teacher a great deal of inconvenience by having papers coming in one or two days late. It also is a lack of responsibility on the students part.

When entering the class room, lets take our seats instead of wandering around and gossiping.

As a courtesy to our teachers let's be a little more cooperative. I know we can

Klandrud: "What is a spinal column?"

F. Daly: "Oh, that's a collection of bones running up and down the back to keep your knees from getting tangled up with your elbows."

Arnold R. glanced at the beautiful woman beside him, his look heavy with anxiety and humble pleading, but she was unconscious of his appeal. For long moments he watched her, struggling with emotion, afraid to ask the question which trembled on his lips. At last he spoke wistfully, "Ma, can I have a little piece of that pie that was left over from dinner?"
