This pic you sent along was preferable to one of benjy working out at "Curves" (or heaven help us, servicing Randell "The ol' pump handle")

Call anytime, this weekend I will be home doing progress notes, not helping friends fix-up their reverse mortgage "put an old timer in it rent free we'll take the profit" own your own slum.

Kent,

Thought I could make a few comments on the first list of subjects you sent.

The girl's gym suits were the pits. The manufacturer never took into consideration that teen girls have shape and are not straight up and down. We spent a lot of time trying not to let anyone see that we were pulling the darn thing from our butts and trying to keep the fronts closed. Allowance?? You got an allowance? We never went to restaurants. I remember the nylons. Most women wore matching ones, but not Mrs. Benkowski, 7th grade English at Howe School. Sometimes she had one without a seam and one with a seam. I distinctly remember being told to leave her class for telling her about the seam. My favorite TV shows were The Lone Ranger, Hop Along Cassidy and Captain Kangaroo. I even had a magic drawing screen that was stuck to the TV so I could draw with the Captain. I also remember the party line, our number was 1525R.

Those were the days. No central air, no color TV, no Ipod, no cell phone, no Tivo, no cable or dish, no remote control, no computer, no email..... How did we ever survive? We also had no drugs, no gang wars, no muggings, no terrorists..... I know, we are very lucky to have so many advantages, but sometimes I wish=2 0for the slower, quieter life we had then. It just seemed easier. It looks like I have lived, I remember most of the list and experienced it too. I wouldn't trade any of the experiences either. Thanks for doing a great job.

For those of you who were fans of the old Robin Hood TV series growing up, you can now get a 3 DVD set of the entire 1st season (39 episodes) in the \$5 bin at Wal-Mart. The series starred Richard Green and ran from 1955-1960. Now, if I could just find the old Rin-Tin-Tin series, I'd be in nostalgia heaven.

I really enjoy the newsletter. You do a great job with it. Please change my email address to [maresmits@att.net](mailto:maresmits@att.net). Milt and I are doing well in Menomonee Falls, and enjoying the summer, although I always look forward to winter. We'll be in the Rapids this weekend for a Smits' Cousin r eunion. We'll all be staying at the Mead. You asked for pictures, so I'm attaching one of mine.

And the other is my husband, Milt with two (out of four) of the grandkids.
