Convertible? Absolutely! Attached is a photo of my current ride, a 1994 Corvette in as original condition as can be.

I've previously owned a '53 MG TD, '54 MG TF, '55 MGA, '57 MGA, '58 Corvette, '59 Austin Healey Sprite (Bugeye) , and my very first car, a '67 Corvette. My wife will readily admit that I'm daft about ragtops. Oh, I forgot my '01 Chrysler Sebring convertible. Probably because the car is so forgettable.
