Bill Hartley,

I read your message yesterday about the toy store in the old Record Shop. I also had an American Flyer train. Yes, Lionel sucked because it was unrealistic! Three rails!

However, I don't think we got it at the store you seem to remember. The toy department at Johnson Hills had trains, as well as Schroeder's on the Coast to Coast block. I can't recall a toy store in the Record Shop spot.

One of your '63 classmates, Dave Engel, is the Rapids historian. I talked to him this morning. Your record Shop was at 110 2nd St North. Dave found this is the 1955 Rapids Directory which has reverse address listings.

The 1941 Rapids Directory listed the A&P Grocery Store at the same address. That was before supermarkets, so the store was likely pretty small.

I copied Dave Engel with this message, since Dave knows more about the history of Wisconsin Rapids

than anyone else
alive. I also copied Kent Vasby, our class newsletter editor.
